## President's Corner

by Jim Keene #5680

### Restore sanity to the management of Cape Hatteras National Seashore Recreational Area.

Put management back into the hands of the NPS Superintendent and take it out of the hands of the radical environmentalists who have taken over our beaches.

Members of the NC Delegation to congress on June 11, 2008, introduced bills (HR 6233 & S 3113) to set aside the recently enacted consent decree that has virtually eliminated your access to Cape Hatteras National Seashore Recreational Area. We need to set aside this consent decree and resume resource management as developed by NPS & USFWS - "The Interim Plan". This

plan was developed, agreed upon and instituted to guide the NPS until conclusion of the on going Negotiated Rulemaking process. This plan allows local management to make the necessary decisions to protect wildlife while guaranteeing access.

A critical phase in the future of beach access has been reached and I must ask each of you to step-up and participate - now!

This means today! Congress will soon go into summer recess and recess again in the fall for elections. We must have these bills passed before the fall recess.

First a letter of thanks is due to: Senators Richard Burr and Elizabeth Dole and Congress-

man Walter Jones, Jr for introducing this much needed legislation.

Then contact your senators and representatives and ask them to support HR 6233 & S 3113. (This does not apply only to NC residents; this is a national issue and needs the support of the entire congress.) Plead with your members of congress to drop all partisan politics and unanimously support the prompt passage of this legislation.

This is an election year, tell them where you live, so they know that you vote in their district. Ask them to Co-Sponsor and support HR 6233 & S 3113, bills that are so important to eastern NC and the whole state that relies on the tourist

dollars that flow from this region. Thank them for their help.

The contact info for the NC delegations is in this newsletter edition for quick access, all other addresses can be found @ [www.house.gov/](http://www.house.gov/) or [www.senate.gov/](http://www.senate.gov/).

Remember that since 9-11 US mail (subject to inspection) may take up to 30 days, fax is the quickest, e-mail is the least effective and may not get personal attention. A phone call requires someone to answer and a personal visit to the local office is most effective.

This is your Seashore. Decide now if you are willing to join the fight to save it.

## Annual Meeting & Pig Pick

by Laura Davis, Director #11003

What started out as a gloomy, rainy day turned out to be a very pleasant afternoon and evening for our Annual Meeting and Pig Pickin' held Saturday, May 24th at the Rodanthe/Waves/Salvo Community Center in Rodanthe. The food, weather, music, door prizes and raffles were enjoyed by a count of 203. Need I mention the EXCITEMENT of the LIVE AUCTION we had this year which turned out to be the best fund raiser ever!!!! If you missed it this year, there is ALWAYS next year!

President Jim Keene presided over our business meeting which began with Director Mike Metzger leading us in the Pledge of Allegiance. President Keene then introduced the NCBBA Officers, Board Members and invited guests. Secretary Sharon Newbold presented the minutes which were accepted by the membership. Mike Metzger then presented our Financial Reports which are currently coming in under budget.

Director Metzger then presented our 2008 North Carolina Beach Buggy Association Scholar-

ship awards. This year's recipients are Hannah Sloate, First Flight High School; Tyler Reber, Manteo High School and last but not least, Morgan O'Connell, Cape Hatteras School. These graduates will receive \$500.00 each year for 4 years for a total of \$2,000.00

It was then time for Dave Joyner to announce the winners of the Annual Russ Privett Memorial Member/Guest Surf Fishing Tournament. Here are the winners: Brooke Manion Jr. Member #50143 - Sea Mullet 11oz., 12 1/2"; Cecil Duke #3767 - Bluefish 1lb. 6oz., 16 1/2"; Charles Evanosky #515 - Sea Mullet 1lb. 11 1/2"; and last but not least! Dennis Newton #11368 - Sheephead 10.3 lbs and 26" long...WOW!!! Congrats to the winners!

Our speaker was Cape Hatteras National Recreational Seashore Superintendent Mike Murray. Mr. Murray commented on his long-time love of Cape Hatteras and talked about the changes that are occurring with the new Consent Decree.

He also counted off all of the great things the NC Beach Buggy Association does for the Park. Some of them being our OBR (Operation Beach Respect) beach cleanups, posted signs and the Junior Ranger Program. President Keene presented Mr. Murray with a \$4,000 check for the Seashore Junior Ranger program.

President Keene then presented the following donations from NCBBA: Chicamacomico Historical Association \$250.00; Salvo Volunteer Fire Department \$500.00 and Chicamacomico Banks Water Rescue \$500 in memory of NCBBA member Russ Privett.

We then moved to the election results for our new and/or returning directors. Incumbents Jim Keene, Dave Joyner, Mike Metzger, Brenda Outlaw and Laura Davis will continue as in their present positions and incumbent Tracey Oates will take over the newly vacated position of Secretary from Sharon Newbold (we sure will miss Sharon!). We then welcomed our newly elected Directors Lew Spangler and David Good-

win. Chris Handy recently resigned and Mark Burbic has taken over his duties for 1 year. A fond farewell was said to Sharon Newbold and Ervin Gaskins and a big welcome said to Lew, David and Mark.

President Keene then gave the Annual Report and adjourned the meeting. Everyone enjoyed music by Chris Toolan and Dale Henderson AKA Old Soul. Food provided by Saltwater Grill. Door prizes were PLENTIFUL and the Raffle items very nice!! Our Live Auction was a HIT!! A BIG thanks to Chris, Dale, Dan & Ann for providing excellent music and food and a HUGE thank you to all businesses and individuals that donated the many, many, prizes!!!

Next year will be NCBBA's 45th Anniversary and we are already planning an even BIGGER and BETTER picnic to celebrate 45 years of Beach Access!! As you make plans for 2009, please mark your calendar for Saturday, May 23rd!! SEE YOU NEXT YEAR!!

President Jim Keene Presents Superintendent Mike Murray with a \$4,000 check for Junior Ranger Program.

President Jim Keene recognizes Sharon Newbold for her many years of service as secretary of the NCBBA.

President Jim Keene recognizes Ervin Gaskin for his years of service as a director of NCBBA.

**Life Memberships are \$350.00**  
**Metal Plates for Life Members**

**Plate Cost: \$15.00**  
**Send Check to Treasurer**

**From the Treasurer**

When ordering a replacement plate, the year stamped on the plate will be your current paid-up date. For example, if your dues came up for renewal in December, 2007, your plate would have 2008 on it. **If you want the year you joined NCBBA on your plate, you have to inform me of that date. Please note the ordering process can take up to 6 months.**

When using the Internet to order merchandise, change your address, and request duplicate license plates, use my e-mail address which is: [boutlaw@carolinaregion.com](mailto:boutlaw@carolinaregion.com) rather than contacting the NCBBA website. This will insure your order is processed more quickly.

**DO NOT pay dues in advance - wait for the renewal notice.**

Please inform me of your change of address promptly - you may write, call or email. When a membership renewal notice or newsletter is returned because of an incorrect address, it is expensive for NCBBA and could result in deletion of your membership. According to the constitution, a membership will be deleted if dues are not paid within 90 days of the renewal notice. Don't let this happen to you. Your membership is important to us!

Brenda S. Outlaw, Treasurer

# Editorial

by Harry Nash #6980

Elsewhere in this edition I have written about a "little history" and a "meeting". If you think I am upset with the National Park Service you are wrong. I am not upset I am furious. You have been sold out by a bunch in Washington who apparently is more interested in their careers than the well being of our Parks, Monuments and National Seashore Recreation Areas.

Our local governments and our elected officials tried to intervene and were it not for that we probably wouldn't have one third of the Seashore open for ORV use. That is right! Today we have less than one third of our recreation area open to ORV travel. Pedestrian travel has also been severely limited. In many mileage reports areas shown as open to pedestrians are accessible only by wading and then you are at risk as to what area you can legally wade. Don't fly a kite or throw a Frisbee. You might be in violation. Be off the beach by 10:00PM and don't be on it before 6:00 AM. Under this decree if vandalism occurs, all are guilty until proven innocent, and closures are automatically expanded. Whatever happened to

"you are presumed innocent until convicted in a court of law"? The Park Service always falls back on the action being taken as being mandated by the consent decree as if they had no hand in it. It is their deal and it was crammed down our throats. Because it is a consent decree there is no appeal.

What now? State Senator Mark Basnight, President Pro Tempore of the North Carolina Senate and others convinced US Senators Dole and Burr and Representative Jones to introduce legislation that would return management of the seashore recreation area back to the interim plan, thus voiding the consent decree. These two bills are Senate Bill 3113 and House Bill 6233. Everyone needs to email their representatives in Washington and get them to co-sponsor and support these bills. This needs to be done today!

Is this all we need to do? The answer is NO! When the negotiating rule making committee was originally being established, the documents indicated it was Cape Hatteras National Seashore. Our President, Jim Keene, insisted it be

shown properly as Cape Hatteras National Seashore RECREATION AREA. Was it changed? No! It was listed as also known as Cape Hatteras National Seashore Recreation Area. Over and over again I hear Cape Hatteras National Park or the Park. Even some local advertisers refer to the "park lands". CAPE HATTERAS NATIONAL SEASHORE RECREATION AREA IS NOT A NATIONAL PARK! It is a recreation area! We need to force this issue now! When negotiated rule making is complete and the area is so restricted that recreation will be severely limited for all, litigation will be inevitable. If the general misconception remains about it being a park rather than a recreation area our fight will be greater. We will be fighting for something that we were promised when the Recreation Area was established and the world will think we are trying to do something outlandish in a National Park. The NCBBA should take the lead and demand that the National Park Service call it what it is. All signs, brochures and documents should say Cape Hatteras National Seashore Recreation Area. We

should demand a management plan that reflects it is a recreation area. We should make sure their data on threatened birds and other species are correct and are not concocted by someone with an agenda. We need to do this now. The first step should be the name issue. It is what this is all about. It is not a National Park. It is not a Wilderness Area; even though the National Park Service, out of their Denver office just conducted a noise pollution survey on the Seashore. Once we make them acknowledge what they are trying to manage we ought to have an informed public who know what the battle is all about.

I have one final comment. The local staff and management at Cape Hatteras National Seashore Recreation Area have a job to do. They don't set the policy. They have done their best to keep us informed. Please join me in showing them the respect they deserve. In the meantime let your elected officials know where you stand and hold them accountable for their actions or lack thereof.

## Secretary's Report: Highlights of Board Meeting: June 7, 2008

by Tracey Oates #11240

President Jim Keene called the meeting to order at 8:00AM. All Board members were present except Past President John Newbold.

President Keene introduced the new Directors and assigned area responsibilities as follows: **Dave Goodwin**-Operation Beach Respect and Public Relations

**Lew Spangler**-Business Practices and Operation Beach Respect  
**Mark Burbic**-Fishing Tournaments and Citations

Director Harry Nash made the motion to accept the minutes from the March 15, 2008 Board of Directors meeting. Director Mike Metzger seconded. Motion passed and the minutes were approved as written.

Treasurer Brenda Outlaw submitted the treasurer's report:

She reported a total membership of 4,662 with 3,563 regular members and 1,099 life members. Director Ken Smith made the motion to accept the treasurer's report. Director Laura Davis seconded. Motion passed.

President Keene reported he renewed the CD.

Secretary Tracey Oates reported that the April 19 OBR was a great success and that the Adopt-A-Highway renewal agreement had been

completed thru April 10, 2012 with the Department of Transportation.

Vice President Dave Joyner stated he received 10 requests for 12 open spots on the NCBBA fishing teams. Consequently 2 persons will fish in both tournaments.

Director Laura Davis reported receiving 8 citation entries so far this year.

Director Carol Mowers, Membership chair, is exploring the possibility of setting up a booth at the Border Station, creating a letter on the critical need to renew membership and setting up an automated e-mail notice to renew membership.

Director Mike Metzger reported the NCBBA home page received 16,000 hits in the month of May. The merchandising shopping cart is ready and the Legal Fund site is up and running. A request was made to the Business Practices Directors to assist in the research of a Membership Data Base Program. Our current program is too old. Secretary Tracey Oates made a motion to budget next year for the new program. Director Carol Mowers seconded. Motion passed.

Director Metzger informed the Board of the scholarship presentations. President Jim Keene presented at Cape Hatteras to Morgan O'Connell and Director Laura Davis presented to First Flight High School recipient Hanna Sloate.

Under Membership ID President Jim Keene

requested Director Laura Davis to get with Vice President Dave Joyner to meet our supplier in VA.

Under Public Relations Director Dave Goodwin is to have the upcoming June 21, 2008 Operation Beach Respect published on the local radio stations and newspapers.

Vice President Dave Joyner stated he is still looking for a volunteer to chair the Junior Membership Program.

Director Harry Nash reported on the cost to add a separate sheet and to add pages of advertising to the newsletter. President Jim Keene called for a volunteer to head up the advertising recruiting. Directors need to get their news articles turned in.

Vice President Dave Joyner noted the "issues before the Board" include: US Fish & Wildlife, Negotiated Rulemaking, Junior Membership and Membership Renewal in RFA.

Director Laura Davis, 2008 Annual Meeting Chairperson reported on the results of the survey taken by the membership at the annual meeting. 70 surveys were completed. Results: keep the annual meeting the same day, have a separate day for the fishing tournament. There was discussion on "Angler of the Year" and presenting citation winners at the Annual Meeting for 2009.

Under ORV Planning President Jim Keene stated the Negotiated Rulemaking meetings are continuing with access routes being the current topic. He expressed the need of support from our Congressmen.

Director Ken Smith reported the results of the election of Officers & Board Members. Ken made a motion to accept the results. Harry Nash seconded. Motion passed.

Under correspondence, President Keene noted a letter from Sara Beacham thanking NCBBA for her scholarship.

Keene reported that the Board also approved a \$1,000 reward for information on the person/persons responsible for the damage done to the NPS signs that were destroyed. The Board also approved \$5,000 expenditure for TV advertising explaining the negative effects of the current beach closures on our community. Both expenditures were paid by moneys already in the current budget.

Director Harry Nash volunteered to chair the fund raising committee. Many ideas were discussed.

Treasurer Brenda Outlaw gave all Board members a copy of the Constitution & Bylaws. Revision are to be discussed at the next Board Meeting October 4, 2008.

Meeting adjourned at 12:02PM.

## A Little History

by Harry Nash #6980

Printed below is the press release by the National Park Service regarding the settlement it reached with The Audubon Society, Defenders of Wildlife and their legal counsel. The release

mentions "local counties and recreationists agreed to the settlement. This was a take it or leave it offer to the "recreationists". The "recreationists" were told to agree or The National Park

Service would leave it up to the court to decide and we would lose year round access to many areas. In other words they would not work for the "recreationist". No wonder the National Park

Service doesn't want to use the correct name for Cape Hatteras National Seashore RECREATION AREA. They would have to recognize the purpose for which the RECREATION AREA was established.

## Agreement Reached to Preserve Wildlife and Recreation Opportunities on Cape Hatteras National Seashore

WASHINGTON, DC – The National Park Service (NPS) announced today that a settlement has been reached that will protect nesting areas for Piping Plovers and other species and allow recreational opportunities for park visitors. According to Cape Hatteras National Seashore Superintendent Mike Murray, a consent decree was filed on April 16, 2008 in US District Court whereby the parties involved in the lawsuit to regulate beach driving along Cape Hatteras National Seashore (federal government, environmental organizations, local counties, and recreationists) agreed to a settlement of the case.

This agreement will allow off-road vehicle

beach (ORV) access to remain open year round. It is not expected to affect the fall or winter fishing season, and will allow many areas of the beach to remain open to recreational use. Terms of the consent decree will result in buffers being established during portions of the spring and summer around bird breeding and nesting areas, including creating a 1000 meter vehicle perimeter and a 300 meter pedestrian perimeter around piping plover chicks until they have fledged.

"The agreement reached between the NPS and the other parties to the lawsuit is a creative solution that addressed a tough issue," said Lyle Laverty, Assistant Secretary for Fish and Wildlife

and Parks. "The Department, the NPS, and the Park are committed to meeting our mission objectives as well as working to mutual benefit with the local tourism and fishing community. This well thought out plan will serve as an example of how we fulfill our responsibilities and meet the needs of all parties involved."

The compromise prevented a complete year-round shutdown of ORV access to six popular fishing areas and was able to accommodate all parties' interests. There will be various closures, particularly during the breeding season, to protect plovers and other species, but the park will generally remain open.

The park is working closely with a negotiated rulemaking advisory committee, which is helping NPS develop an ORV regulation and management plan for Cape Hatteras National Seashore. Park Superintendent Mike Murray said, "This is a positive step to resolve the issues raised in the lawsuit and will allow us to focus our effort on development of the long-term ORV management plan and regulation. As we implement the settlement, we will keep all interested parties informed about the status of beach access, as well as about wildlife breeding activities that are occurring on the Seashore."

# Fishing Report

by John Newbold #14

With all the beach closures that have taken place since the last issue, much of what should be in this article is not here because it did not happen.

The spring drum run at Cape Point was literally stopped in it's tracks by closures for non-endangered birds. The point was not accessible, although a few souls braved the danger of walking waist-deep in water at night to reach the point, and these very few were rewarded with nice size drum, some to over fifty pounds.

Puppy drum and black drum fishing at Oregon Inlet was also curtailed because of no access to the south of ramp four to the inlet and around to the bridge. Inlets at Hatteras and Ocracoke were also closed,

and again, for the most part, for birds that are no more endangered than the common songbirds that live in your back yard.

You all have the web sites, I'm sure, that give the latest information on closings and the proceedings that have and are taking place concerning beach closure. I can only encourage each of you, regardless of what state you live in, to write to your senators and representatives and complain about the massive closures made in a National Recreational Area, closures for birds that have denied both off-road and pedestrian traffic to the area!

So now what? We still have some beach open even though the best spots are closed. What's left has little structure and few

outer bars and we must now share the few remaining places with others in an almost cramped fashion. But as you drive the beach, look for eddies that indicate an out suck or slough opening; for coral-colored sand or shelly beach, that would indicate a hole. Look for humps or camels as you drive along and try these places. There are not the best, but fish hold in all these areas, especially sea mullet and puppy drum, and I don't know of any two fish I would rather catch, unless it were speckled trout and blow toads!

Coupled with beach closures, we have had a very cool spring with water temps in the low sixty's until just recently, and

this has not helped the poor fishing conditions.

But water temps are rising and there are great places to fish at ramp twenty-three and ramp forty-nine, as well as the sound side at Bodie Island Light. We have just got to work harder at trying to find fish. Remember this, the fish are still there for the catching. We have to figure out now how to catch them.

On a personal note, Sharon and I went fishing in early June at ramp twenty-three and I did manage to catch a nice puppy drum we released.

Send me your stories and photos. I've run out of mine!

Tight lines

## Citation Report

by Laura Davis, Director #11003

Fishing has picked up after a VERY SLOW early spring with "Big Blues" being the headliner! I'm still looking for MANY entries in MANY categories, so send them in!! I have only received 8 entries as of the end of May. Be sure to look at our website at [www.ncbba.org](http://www.ncbba.org) under Citation Program to see all entries so far. The entries are updated at the end of each month.

With a lot of the Southern Beaches being closed, maybe it's time to check out the many miles of beach in the Duck, Corolla and Corova area. I here there's lots of good fishing to be had! While you're in the area, please check out Bob's Bait & Tackle in Duck or Corolla Bait & Tackle in Corolla Light! They are full service and are also NCBBA Official Weigh Stations.

Now that we've had our Annual Meeting and Pig Pick, we have several new Directors. Mark Burbic will be taking over the Citation Program effective immediately. The Citation Entry Forms that are at the tackle shops will slowly be replaced with ones that have Mark's address on them. It is perfectly fine to mail the Entry Form to my Post Office Box until the new ones get in circulation.

As always, you must be a NCBBA member, a spouse or child of a member or a Jr. member. You must catch or release your fish from the beach or the sound. No fish caught from a boat will be eligible. "Largest Fish" winners in each category are done by weight. Pay particular attention to the release program to see if you qualify. All entries must be received within 30 days of catch and it is not the responsibility of the Tackle Shop to mail your entry, it is the responsibility of the angler. Make sure that you have a witness for all Citation release fish. Without a witness, we cannot issue a Citation. Also, please be sure and put your member # on your forms. If you are not a member, spouse of member, child of member or Jr. member, you do not qualify. Please make sure you support your tackle shops as they volunteer to provide the weighing for this citation program.

**DON'T FORGET THAT 2008 REQUIRES A SALTWATER FISHING LICENSE!!** You can get them at many of the tackle shops or apply on-line at [www.ncwildlife.org](http://www.ncwildlife.org)  
Here's to tight lines and great fishing in 2008!

### Largest Fish in Each Category:

Bluefish	Malcolm Covington	# 2814	11 lb 8 oz	26 1/2"
Pompano	Kay Knowles	#11829	3lb 2oz	20 1/2"
Sea Mullet	John Cavins	#11441	1lb	13 1/2"
Speckled Trout	Charles H. Evanosky, Sr.	# 515	2lb 7oz	18 1/2"

### Release Citations:

Bluefish	Richard W. Dimming	#11436	34"

## Fritz Boyden Memorial Youth Fishing Tournament

by Harry Nash #6980

The Fritz Boyden Memorial Youth Fishing Tournament, Sponsored by the Nags Head Surf Fishing Club, The North Carolina Beach Buggy Association and the North Carolina Sea Hags, was held on June 18th. There were 287 participants fishing from Avalon, Nags Head and Outer Banks fishing piers.

Kaycee Story, 8, won in three different categories including largest, a flounder, for a female in her age group. Running a close second in the 10 to 16 year old age group was Bobby Lee Evans. He won the largest fish for a male angler in his age group. His 19.25 inch Spanish mackerel was the biggest game fish of the event.

The event concluded with a cook out at the Ramada Plaza Inn in Kill Devil Hills. Many awards and door prizes were given out, wrapping up a fun filled event.

## Junior Members Corner

by Dave Joyner Vice President, #5678

The Annual Russ Privett Memorial Member/Guest Surf Fishing Tournament was held on the morning of May 24th. Brook Manion #50143 took top Jr. Member Honors with an 11oz., 12 1/2 inch Sea Mullet. Cecil Duke #3767 took top honors in the Blue Fish category with a 1 lb, 6 oz. blue fish that measured 16 and 1/2 inches. Charles Evanoski #515 had an award winning 1 lb., 11 and 1/2 inch mullet and Dennis Newton # 11368 had the largest fish, a Sheephead weighing 10.3 lbs. and measuring 23 inches. Congratulations to all the winners.

Vice president Dave Joyner, Fishing Tournament chairperson, presents a plaque to Brooke Manion for her 12.5" sea mullet.

Cecil Duke accepts his award from Vice President Joyner for the largest bluefish (16.5" and 1 lb. 6 oz.).

Off-road vehicle access  
 June 12, 2008

Page 2 of 2

Dear Members of North Carolina's Congressional Delegation:

As the access closures on the beaches of Hatteras and Ocracoke Islands continue to be enforced and in some cases expand, the economic hardships predicted by the business owners of these islands have proven to become a harsh reality. Once both islands were world renowned as havens for surf fishermen with complete access to visitors and residents alike, but now, the visual image of the islands has become associated with roped off areas and no trespassing signs. These restrictions to the public access of the Cape Hatteras National Seashore have caused extreme economic hardship to area retailers, real estate management companies and restaurants in an economy that is already in what many economists have declared a recession. Continued closures of access will only prolong dire economic straits and coupled with the exponentially increasing cost of fuel, will inevitably force many business and home owners into bankruptcy and foreclosure.

Given the plight of the residents and visitors of Hatteras and Ocracoke Islands, I was extremely delighted to hear the announcement that Senators Dole and Burr and Congressman Jones introduced a legislative remedy to the awful situation we find ourselves in. This issue has been one of many that has unduly burdened the people of Hatteras and Ocracoke islands. These people are the finest example of hardworking conservation-minded Americans, but recently they have been unfairly targeted by numerous out-of-state environmental groups. From all information I have researched, the legislation proposed is the only vehicle to guarantee access to the seashore for our visitors and residents. This legislation will fulfill the federal government's 1952 promise to residents that "there will always be access to the beach for all people."

I stand ready to assist our delegation with full vigor in any manner possible to support this legislation. Also, my staff is always available to aid you in their capacity on this and all matters. I look forward to working with the delegation in moving this legislation forward as expeditiously as feasible. The people of Hatteras and Ocracoke Islands continue to suffer under the consent decree and any relief you could provide would be greatly appreciated and deserved.

Sincerely,

Marc Basnight

Cc: Dirk Kempthorne, Secretary of Interior  
 Mike Murray, Superintendent of Cape Hatteras National Seashore

## Dole, Burr and Jones Introduce Legislation to Allow Off-road Vehicle use on Cape Hatteras National Seashore

Washington, D.C. – U.S. Sens. Elizabeth Dole and Richard Burr and U.S. Rep. Walter Jones today introduced legislation in the Senate and House of Representatives that would reinstate the Interim Management Strategy governing off-road vehicle use on Cape Hatteras National Seashore (CHNS). The reinstatement of the original Interim Management Strategy, issued by the National Park Service (NPS) on June 13, 2007, would set aside current mandates and requirements which were put in place in the wake of a consent decree filed in the U.S. District Court for the

Eastern District of North Carolina, that prevent off-road vehicle and citizen access to a significant portion of this National Seashore.

"I share the concerns of many North Carolinians about the negative ramifications that severely restricting off-road vehicle use at CHNS will have on the local community and economy," said Dole. "Beach users and members of the local community deserve to have their voices heard to ensure the development of a long-term plan that protects the natural habitat of the Seashore while maintaining

its economic and recreational benefits."

"As Ranking Member on the National Parks Subcommittee, I always try to make sure that North Carolinians have access to our state's scenic treasures," said Burr. "It is unfortunate that people are prevented from accessing Cape Hatteras at times because of the new restrictions. I am certain we can come to a compromise that allows people to have access while at the same time addressing any potential environmental concerns."

"The consent decree has once again shown that managing the Seashore

through the courts – without public input – is always a bad idea," said Jones. "This bill would restore reasonable public access and would bring the public back into the process on a level playing field by reinstating the Interim Management Strategy until the Negotiated Rulemaking Committee can produce a final rule."

If enacted, the National Park Service's Interim Management Strategy will go into effect immediately and end upon the National Park Service establishing a long-term off-road vehicle management plan for the use of CHNS by the public.

## National Park Service Leaders to Meet July 16-17

Harry Nash #6980 Editor

Jim Drinkard with the Associated Press recently wrote about a meeting that will have taken place by the time you read this. It seems that the leaders of the National Park Service are gathering at Snowbird Utah for a little \$1 million dollar exercise in "political promotion". More than 400 park superintendents will gather to hear from Interior Secretary Dirk Kempthorne, Park Service Director Mary Bomar and others. This comes at a time when most parks are at their peak visitor season and the parks are already taxed by a backlog of unfunded maintenance.

"President Bush came into office pledging to eliminate a multibillion-dollar maintenance backlog in the park system, fixing decrepit buildings, roads, trails and sewer systems. He will leave office in January with a to-do list longer than the one he inherited."

Bill Wade, the retired superintendent of Shenandoah National Park was quoted by Drinkard as follows. "This is being done almost exclusively to try and bolster the legacy of the department and the political leaders and the Bush administration, in their last year." Wade is head of the Coalition of National Park Service Retirees. The last conference of this magnitude was 20 years ago. Hopefully it will be another 20. At least we can look forward to new leadership.

Is it worth a million dollars to hear from leaders who won't be around in a few short months?

2008 Officers and Board of Directors

Front row - Laura Davis, Brenda Outlaw, Carol Mowers, Tracey Oates, Ken Smith, Lew Spangler.

Back row - David Goodwin, Mike Metzgar, David Joyner, Jim Keene, Harry Nash, Marc Burbick.

# NCBBA Scholarship Winners

Mike Metzgar Director, #5559 Life

On May 24, 2008 at the Annual Meeting/Pig Pickin... \$2000 NCBBA College Scholarships were awarded to outstanding Outer Banks students from left to right: Mike Metzgar NCBBA Scholarship Chairman, Manteo High School, Tyler Reber, First Flight High School Hannah Sloate and Cape Hatteras Secondary School, Morgan O'Connell. The continuing education commitment by NCBBA to Dare County students on the Outer Banks, has awarded scholarships of over \$40,000 for higher education, since 1998. The scholarships are awarded to one Senior from Dare County High Schools each year .

# NCBBA Presents the NCBBA T-Shirt Designer ....Miss Tommy Gaskins

By Ervin Gaskins # 10663

While serving as Chairman of NCBBA Merchandise, and always looking for a new shirt design.....I asked my artistic daughter Tommy (yes, its correct, and a family name) if she would be interested in creating a shirt design for introduction at the Annual Meeting. A star was found! Tommy has created many designs for NCBBA and had hers chosen for printing numerous times. Her designs are works of art and, no doubt are being worn by NCBBA members all over the USA. Tommy has agreed to continue her artistic contributions to NCBBA for the next several years. Thanks Tommy, your Dad is proud!

## NEED REASONS TO DONATE TO THE LEGAL FUND?

The NCBBA needs your help, more than ever, to fund the legal battles we are facing now and will face in the immediate future. We are committed to free and open access to the beaches of Cape Hatteras National Seashore Recreational Area.

Please donate to our legal fund at [www.NCBBA.org](http://www.NCBBA.org) using the options on the Legal Fund Tab or email: [Mike.Metzgar@ncbba.org](mailto:Mike.Metzgar@ncbba.org) to discuss personal donations not described. NCBBA is a non-profit 501(C) (3) organization and your donation is tax deductible. Donations will be securely processed using PayPal and will be acknowledged per IRS regulations. Your donation will be used exclusively to legally challenge the right to free and open beach access.

Thanks for your donation to the NCBBA Legal Fund.

Friends of Youth helped with the April 19th OBR.

## A Fond Farewell to Sharon Newbold

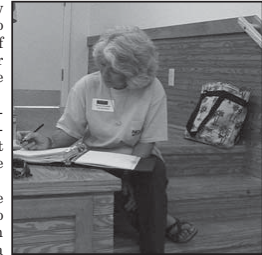

by Pete East

After eleven or twelve years, she didn't know which, our retiring secretary bids farewell to her makeshift office on the steps to the stage of the Rodanthe-Waves-Salvo Community Center May 24th as it is her last day as secretary of the NCBBA.

Sharon Newbold, 4593, was given a well deserved farewell from President Jim Keen, presented her with gifts and told the members present how devoted she had been and how she went above and beyond the call of duty to get things done.

She will be missed in that capacity but will be followed by former BOD Tracy Oates, 11204, who has been chairperson of The Operation Beach Respect for the last two years and has done a great job there.

We look forward to having her as our new secretary and know that she can fill the big shoes left by Sharon

April 19th OBR Road Crew.

Action on Avon Pier.

Awards Ceremony.

# 2008 Photo Contest

## FOR JUNIOR & REGULAR MEMBERS!

*Carol Mowers, Photo Contest Chairperson*

It's the time to get those cameras clicking and capture those memorable moments on the Outer Banks. **Fill in the entry form below (please print!), cut it out, tape the form to the back of your photo, and mail it in.** (Note that the mailing address has changed. Director Carol Mowers graciously volunteered to take over the job of chairperson since I will no longer be on the Board as of May.)

**CONTEST CRITERIA: (Please read and follow carefully)**

- The photo **must be taken within the calendar year** beginning January 1, 2008
- Members can submit more than one entry, but contestants can only win one prize.
- The photo(s) can be submitted at any time during the calendar year, with all photo entries **postmarked no later than December 7, 2008.**
- Each photo entry must have a **completed entry form TAPED** to the back.
- The **photo size** must be either a **4"x6", 5"x7" or an 8"x10"** in color or black and white.
- The photo **must be taken on the Outer Banks** and reflect the attractiveness and/or the attractions of the area.
- The photo(s) should be of good quality with clear images.
- The photo entry will remain the property of NCBBA.

Professional photographers are requested not to enter this contest. The photo entries will be judged and prizes for first (1st), second (2nd) and third (3rd) place will be awarded. The winning photo entries and names of winners will be published in the January/February issue of the NCBBA Newsletter. All winners will also receive a letter of congratulations along with their prize. The prizes include: \$75 for first place, \$50 for second place, and \$25 for third place.

Send your entry to the address on the entry form.
