## President's Corner

by David Joyner #5678

On August 7th I accepted the resignation of longtime Treasurer, Brenda Outlaw # 3169. In accordance with standard business practices, immediate steps were then taken to ensure your Association's assets were safeguarded. All bank accounts were changed and all monies have been accounted for. Past President Keene, Vice-President Burke & I spent the day with Brenda receiving a crash course on the membership computer & removing the Association's office equipment & supplies. All items were found in good working order & accounted for. An independent, bi-annual audit was completed in May and was

reviewed by your BOD. Your Association's assets are safe and we are financially sound.

On August 14th I called an emergency meeting of the Board of Directors (BOD) for the express purpose of discussing the Treasurer's resignation. The Constitution & By-Laws, Article V Section 7 state this position must be filled within 30 days of becoming vacant. In accordance with the Constitution & By-Laws & a resolution from the BOD, I appointed Joyce A. Joyner #11454 to the office of Treasurer. She will serve in this capacity while your BOD reviews our business practices & sug-

gested changes made by the accounting firm of Hutchins Allen & Company. Depending on the scope of the BOD's recommendations, a change in the Constitution & By-Laws may be needed. Once this review is complete, I will report the BOD's suggested changes to the membership in the next edition of the newsletter.

Any member in good standing having interest in this position, please contact any member of the BOD for consideration.

I have also accepted the resignations of Directors Mark Burbic & John Cavins due to changes in their employment schedules not allowing them

the time to participate. This leaves the present BOD short 2 members and they are all working extremely hard taking on the tasks required to keep your Association moving forward in the "fight for free & open vehicular beach access".

As you can see your Association is in need of members to step up and run for positions on the BOD. Please give serious consideration to submitting your resume today. The same few cannot continue to do it all! Rod Palmer has agreed to Chair the Nominating Committee for our election in May 2011.

## Secretary's Report: Highlights of Board Meeting: June 26, 2010

by Dottie Broadbent #12666

President Dave Joyner called the meeting to order at 1:00 PM. Director Mark Burbic was not present. Members present included Joyce Joyner #11454, Tracey Oates #11240, Jeff Graves #13370, Dave Broadbent #12791 and Dave Gresens #9440. President Joyner welcomed the guests to the meeting.

Our newly elected officers and directors are Dave Joyner #5678 President, Tom Burke #5463 Vice President and business practices, Dottie Broadbent #12666 Secretary, Rod Palmer #12252 OBR Director and Pete East #2928 Public Relations. After the last election there were still two director positions to be filled after the early resignation of directors Allen Fred and Shelly Bembridge. In accordance to the constitution President Joyner appointed John Cavins #11441 and Mike McNichol #13276 to fill these positions. John will be the IT, official photographer and web director and Mike will be our newsletter editor and corporate fundraising director.

Director Mike Metzgar made a motion to accept the minutes from the April 23rd meeting as distributed with no changes and Director Laura Davis seconded. Motion passed.

Treasurer Brenda Outlaw presented the treasurer's report where a few changes were made in the financial statement. These changes were from the end of the year collected invoices from the Red Drum Tournament to be paid toward this years tournament expenses. These items were set up as pre paid expenses. In the audit the CPA reviewed those items that were \$400 in each case. One case was expenses and the other was income. Cash on hand, checking account balance and savings were current at this time.

Past President Jim Keene made a motion to move \$50,000 from the checking account that was there to cover the Annual Meeting expenses to a CD and to put the money raised for Legal Funds to another account.

Treasurer Outlaw also reported that many members were lost in the last membership summary in March. Director Metzgar made a suggestion to move the members that were not in good standing and to be deleted to another list so they may be referred to with their contact information. Director Jim Keene motioned and Director Carol Mowers

seconded. Motion passed.

Director Rod Palmer reported on June's OBR and the Adopt a HWY clean up had a total of 26 volunteers and was an overall good turnout for the summer. Director Palmer also requested to come up with a new bumper sticker design and getting them ordered. He also touched on the small OBR white trash bags for the vehicles and the pro's and con's of them but would check on ordering them or another type that might be a better choice with the NCBBA logo and web address on them.

Nothing to report on fishing tournaments, youth awards or fishing citations due to Director Mark Burbic's absence. The board brought up to drop the expiration date off the fishing citations. Directors were asked to check their assigned tackle shops for any citation forms that they might have for process.

Director Carol Mowers suggested putting another membership info booth at next years Philadelphia Tackle show. This years showing of members from the north made for a really good turnout and had 21 new members sign on. A lot of the members who showed up to volunteer came from the surrounding states to help out. Vice President Tom Burke commented that doing these shows out of town is really good business.

Director Mowers reported that entries for the photo contest have been coming in and have been posted on the web site and can be found under the year.

Director Metzgar reported that he has been real busy keeping the home page on the web site refreshed. Old newsletters have been borrowed from George Deems Jr. to be added to our collection of past newsletters and the program to purchase those is moving forward. Merchandise sold on the Internet has really grown and is doing very well. As to the voting process and eliminating double voting another program will be looked into for using in the next election.

Director Laura Davis reported that she is right on budget for merchandise. She will be looking into adding sweatshirts for not only winter but for the RDT. Also other items that are in consideration are tank tops and visors. Merchandise sold at the Stand in the Sand totaled \$693, and \$76, in the legal fund. Director Davis also will be ordering

extra shirts for this year's RDT and these shirts will be available to purchase online.

Vice Pres. Burke suggested not putting the date on the sweatshirts so that more could be sold next year.

Director Pete East reported on public relations. He has articles of the OBR and the Adopt a HWY clean ups running in 4 different newspapers. He has also checked into running an ad in the North-beach Sun which comes out quarterly and will have an article in the November issue along with Island Breeze that covers Hatteras Island to Ocracoke. In addition to these publications we will have ads in the Coastland Time, the Sentinel and the Virginia Pilot. Director East has also made sure our Officers/Directors information is up to date at the Dare County's Chamber of Commerce office. Past Pres. Keene suggested having the Chamber put us on their calendar of events along with using the local radio stations for broadcasting our events. Director Cavins photographed the new board for Pete to use in the local papers.

Director East also reported that there was a low turnout out at all the piers for the Youth Fishing Tournament this year but everyone had a good time and good amounts of fish were caught.

Vice President Tom Burke's report on business practice was that he will keep everyone up to date on any practices that are set forth, and he is here to help anyone in any way he can.

There hasn't been anything to report on Junior Membership so it was put before the board to see if anyone wanted to tackle the situation. Director Palmer volunteered to try to get the program back on course. Using the merit badge awards for the youth as they volunteer for events was a suggestion for Director Palmer to use.

Director Mike McNichol reported that the newsletter is just one week behind schedule but everything is ready to go to print. On fundraising Director McNichol is looking into using several different ways members might want to donate to the Legal Funds. One way would be Electronic Funds Transfer system enabling members to have a regular monthly donation drafted automatically. Another way Director McNichol suggested was for members to add the NCBBA in their wills or as a beneficiary on life insurance policy's for a small

percentage of the proceeds or if a member had or has assets that have appreciated substantially and would take a hit on the capital gains then they might want to consider donating these assets to a Charitable Remainder Trust with NCBBA the beneficiary.

Issues before the board will be handled by VP Burke and these issues are the Red Drum Tournament, getting more memberships, USF&W critical habitat lawsuit and from finding a volunteer for Jr. membership to thanking Director Rod Palmer for taking this task.

Past Pres. Jim Keene reported on the DEIS, CHAPA and Critical Habitat. DEIS is in the hands of the NPS and they have until the end of the year to come up with the EIS (Environmental Impact Statement) in which everyone will have a chance to comment on it and everyone again will be asked to do so. On July 13th, a meeting is scheduled between Jim Keene, Larry Hardham, David Scarborough with David Vela, Regional Director of the NPS. Mr. Vela will ultimately be the one who will sign off on the parks ORV plan.

On the Critical Habitat lawsuit our lawyers have filed papers in the suit and hopefully we will hear a response from the judge in this case in the not so distant future.

Complaints about the DEIS are the fact that Traditional Cultural Properties as per NEPA have been fully ignored. Mike Murray's response is that he is appointing someone to head up a demographic study of the seashore. As of this time no one from the Hatteras Island Community has been contacted about this study. This is a study to be done with what is called the original descendants and the effect this will have on them.

On the Building of the Bridge issues NCBBA has shown full support in this. Public comment meetings are scheduled. The building of the bridge is being fought by the Audubon. The bridge plan we are supporting is the short bridge.

An alternative form of transportation for beach goers has also been discussed. No one from any of our supportive organizations has been included in these meetings. So it was requested from Warren Judge that someone be chosen to be present

## NCBBA's 2<sup>nd</sup> Annual Red Drum Tournament

by David Joyner, President, #5678

The tournament is drawing close & time is running out for everyone to register for NCBBA's 2nd Annual Red Drum Tournament being held October 21st -23rd, 2010. Fishing begins at 12:01 A.M., October 21st and continues until 4:00 P.M., October 23rd. The tournament is open to everyone. While desired, you do not have to be a NCBBA member to participate. If you have misplaced your application, contact me for a replacement. Don't be left out of this year's event as it may be the last one NCBBA is able to put on. If the National Park Service pushes thru any of the alternatives proposed in the 800 page Draft Environmental Impact Statement (DEIS), in the Final Environmental Impact Statement (FEIS) vehicular beach access to your favorite drum holes will be eliminated! 8 more Judges are still needed! Without them, we could not have a tournament of this type. If you are interested in being a judge you will be compensated for your time with a free entry into the tournament for the times when you are not judging. Each judge works a 6 hour shift at least twice during the 3 day event. Each judge will be assigned a ramp to work and will need a 4x4 vehicle to be able to cover a 3 or 4 mile area between the ramps. Depending on the draw, some judges are scheduled

to do an additional 4 hour shift Saturday afternoon. At least 30 people are needed for these positions. Previous Anglers & Judges, don't be left out! As of September 27, 2010 we have 250 paid anglers from 16 states as far away as Texas registered. Send in your application today! Applications are available by visiting Frank & Fran's in Avon, NC or may be downloaded on line from the NCBBA website [www.ncbba.org](http://www.ncbba.org). If you have any questions, please contact the Tournament Director: David Joyner at: [President@ncbba.org](mailto:President@ncbba.org)

Volunteers are needed to help during the tournament and at the meeting on Wednesday & the banquet on Saturday nights. Please give me a call or e-mail to do your part for "free & open vehicular beach access".

Again this year we will be collecting non-perishable food items for Hatteras Island Food Pantry at Frank & Fran's during registration & throughout the event.

Gary Michael #922 has once again come forth to donate a custom built rod for NCBBA to raffie during the tournament to raise funds for our Legal Fund. Gary describes the rod as "The blank was Allstar GSW 1387-2, 11'6", 2 piece, spinning, Fuji seat, Fuji Alconite guides, under wrap black,

overwrapped in black, tagged in silver metallic and tagged in red metallic. Butt wrap -black under, silver metallic and red metallic accents. The guides are Fuji BKWAG, newest guides designed to shed the tangles of the new braided lines. BKWAG 50 J is the gathering guide. I rated the rod at 2-5 oz., great metal throwing rod. This rod will be great to throw small baits to the outer bar for spring sea mullet. 1/8 "thick cork tape on butt and fore grip. I cannot come down to the OBR's, or a lot of the functions, but I hope this will help with our war chest. Thanks for your service to us "uplanders" Gary Michael #922"

Ryan White #10168 owner of Hatteras Jack's in Rodanthe has graciously donated a spinning reel to match this rod, plus a conventional reel for one of the rods being donated by Tommy Farmer #13043 & built by Chuck Payne #13446. Chuck describes the rods "Get Bent Custom Rods is very happy to announce that we will be donating 2 surf rods to the 2nd Annual NCBBA Red Drum Tournament. Through the great kindness of Tommy Farmer of The Cast Pro Series Rods, and the Team at Batson Enterprises we are fortunate enough to be offering two great rods. Batson Enterprises has donated a Rainshadow Sur 1567f and components,

which will be built conventional, featuring a full closed decorative wrap that would make any fisherman happy. Tommy Farmer donated a Cast Pro Series 12' 3-7 blank that will be built spinning, and also features a closed decorative wrap. We are very much honored to be able to build on these great blanks and help raise some funds for a great cause. We specialize in surf rods, and are avid surf fishermen ourselves. Whether you are looking for an 8n bait heaver or a 7' trout rod, we can help you out. We also specialize in decorative closed wraps to make each rod a one of a kind, functional work of art. We will be offering a 10% discount to anyone who is a member of the NCBBA. Please feel free to contact us with any of your custom rod needs."

These fine rods will be displayed at Frank & Fran's during the tournament where tickets will be available for \$5.00 each or 5 for \$20.00. The drawings will be Saturday night at the awards banquet.

OBX CHEVROLET / BUICK Is the proud sponsor of NCBBA's 2nd Annual Red Drum Tournament Grand Prize, a 2011 Chevrolet Silverado 2500 HD 4 X 4 which will be displayed at Frank & Fran's during the tournament.

## Intrusions

by Jack Shea, Commissioner, Dare County Board of Commissioners

We are entering an era when intrusions into our personal freedoms are increasing. These intrusions effect both individuals and businesses. Freedom is steadily diminishing because of intrusions from government, activist courts and special interest groups.

On the national level, we have recently seen our government force out the head of General Motors, a shareholder owned company. We have

also seen the government attempt to dictate the salaries of executives and interest rates charged by public companies. Our government seems determined to intrude into all aspects of our lives. They want to make the decisions for individuals and businesses and intrude even further into other individual freedoms.

Evidence of this intrusion into freedom is evident on the Outer Banks of North Carolina. In

2008, a small group of well-funded "environmentalists" filed a lawsuit in Federal Court against the National Park Service seeking to restrict access to the Cape Hatteras National Seashore Recreational Area. The enabling legislation designating this area as the first National Seashore, promised public access and recreational use for all time.

Because of the lawsuit, the citizens of Dare County, where most of the recreational area is located, were forced into a Consent Decree that severely restricted access to key portions of the area. Either it was accept the Consent Decree or risk having a Federal Judge completely close the beach.

By filing the lawsuit, these "environmentalists," the majority of whom do not live in or near this area, intruded into the rights of others. They challenged not only the Park Service officials, but also the many dedicated volunteers who have faithfully guarded sea turtle hatchings from natural predators and participated in bird census monitoring. These "environmentalists" decided, in absentia, that they could better protect the wildlife in our area than the Park Service and local residents and visitors who have a vested interest in assuring that area wildlife will be here for generations to come.

The Consent decree has penalties for entering an area quarantined to protect birds or turtles. In addition, it has draconian penalties for violations that do not directly involve wildlife. For example, if vandalism occurs to a sign, the quarantine area is automatically extended by 50 meters. For each subsequent act of vandalism, the quarantine expands even further. Instead of prosecuting those who broke the law, the Consent Decree punishes the law-abiding residents and visitors. This is yet another intrusion into freedom.

Our Country was founded by those who fought and died for the freedoms we all currently enjoy. Since the very beginning of our Republic, many have suffered and died for the cause of protecting these freedoms. Public access to public lands is an important issue everywhere people value freedom. We are appealing to all people of goodwill to join in our fight to preserve open and accessible beaches on the Outer Banks of North Carolina.

For information about the history of the Cape Hatteras National Seashore Recreational Area, and how you can help, please go to our website [www.PreserveBeachAccess.org](http://www.PreserveBeachAccess.org). Remember by supporting our struggle, you may help prevent an intrusion to freedom from happening to public lands in your area.

## Comments from your Vice President.....

by Tom Burke, Vice President, #5463

As summer cools down and fishing heats up, I'm reminded of how fortunate I am to live on the Outer Banks of North Carolina. As one of the world's premier fishing locations, we have the opportunity to catch most of the fish found in the northern and southern portions of the eastern United States.

I know, all to well, how many of us get dis-

mayed at the never ending battle with misguided environmental organizations and even our own federal government (National Park Service) to maintain our rights to free and open beaches for recreational purposes. Be advised, we will not give up the fight; however, we will not let these groups negate our pursuit of enjoyment on our beaches. The beaches belong to you. Have fun!

## Editorial

by Mike McNichol, Editor #13276

Fundraising for beach access is a critical part of our organization's plans to fight over zealous environmentalists who are intent on shutting down access to the Cape Hatteras National Seashore Recreational Area. We cannot match dollar for dollar the spending of some of these nationwide groups. Audubon for instance has over \$300 million in the bank including \$20 million from Toyota just last year.

You may ask what we do with our funds? This year we have spent thousands of dollars to fight National Fish and Wildlife's designation of large areas of the Seashore as "critical overwintering habitat" again for piping plovers. We successfully sued several years ago but lost this time around, which means that at its discretion it can close large areas even in the winter.

Court fights are expensive so we have taken a

new tack in the fight with the release of *Piping Mad* a short documentary about beach access. If you have not viewed this please do so at NCBBA.org. This is an effort to show the plight of the people of Hatteras Island and generate wider involvement from the general public. This was made possible by a most generous grant from "The Bob and Jean Schonk Charitable Trust".

In my capacity as Director of Fundraising, I will be exploring several avenues to generate income for your organization. I am currently exploring the use of EFT (electronic funds transfer) to facilitate small contributions on an automatic monthly basis. A contribution of a few dollars each month combined with other members could have a huge impact on funds available for beach access. If you may have an interest in doing so please let me know at [editor@NCBBA.org](mailto:editor@NCBBA.org). This would not be

viewed as a commitment but rather an indication of interest. Your Board of Directors would then be able to make an informed decision on benefits versus expense of such a program.

Another tool widely used by universities, charitable organizations, churches etc. is the Charitable Remainder Trust. In simplistic terms, here is how it works. If a person holds a highly appreciated asset for example a home/rental property, a trust can save considerable tax dollars. Let's say the property was purchased in 1980 for \$100,000 and is now worth \$1 million. If the home were sold at value he/she would owe the IRS roughly \$200,000 in capital gains. Instead of selling it, the property could be donated to a Charitable Remainder Trust. The trust would sell the property tax free for face value and the proceeds placed in the trust from which the seller would draw a lifetime income

with any remaining balance going to the charity named in the trust. There are many variations of this arrangement so a trust can be specifically designed to meet an individual's needs. The *Piping Mad* documentary is an example of the use of Charitable Remainder Trusts and will soon be developed to a full-length format for broadcast.

This is becoming a more national fight by the day. We need to actively pursue every avenue so that your grandchildren and mine have the right to access these beautiful beaches in the future. In addition to our own funds and those of Cape Hatteras Anglers Preservation Association and Outer Banks Preservation Association we have received a commitment for \$10,000 from the New Jersey Beach Buggy Association. They realize that this fight may come to their shore in the near future. Their help is greatly appreciated.

# “Oops!” Much Apologies!!!

by **Laura Davis #11003**,  
Chairperson Annual Meeting & Pig Pick

**Much apologies** to our Live Auction contributors!!! In my haste in getting all my articles to the last edition of the newsletter, I failed to thank those that contributed so graciously to our Live Auction. Without their top-shelf level of giving, our auction would not have been as successful!!

A **HUGE** thank you goes out to the following:

**Skip Joule** – Youth “Fishy” chair. Skip has donated his handcrafted “Fishy” chairs for years!! Thank you once again Skip!!

**Terry Stewart – TW’s Bait and Tackle.** Terry has been our “go to guy” every year for years in donating a top of the line rod and reel. His contribution has always been one of the crowd’s favorites!! Thank you Terry for always coming through with an AWESOME combo!!

**Jay Antol** – This was Jay’s first year in making a donation. In fact, he contacted us! Jay donated the framed print of “The Point at Cape Hatteras”. If you were at the picnic, you would know that a heated bidding war ensued on this fabulous print!! Thank you Jay for our “prize” auction item!!

**Wayne Gless** – Wayne once again made a donation of a large print of one of his original artworks. If you haven’t seen his artwork, you are missing

out!!! Thank you Wayne for providing the most beautiful print of the Hatteras Lighthouse!!

**Bill and Angie Rapant – Cape Pines Motel** – A GREAT place to stay!! I know that for a fact!! They said “yes” this year without hesitation in donating a 2-night stay at their motel. Thank you Bill and Angie for not batting an eye when you were asked for a donation not only once but twice!

I want to also thank **Mike Jackson at the Fishin’ Hole!** He is our soft drink and water contributor every year. With his most gracious donation, we are able to charge less for the meal tickets. Thanks Mike for your generosity every year!!

My last thank you goes to a company that you wouldn’t notice unless you thought about it. I send an UBER-HUGE thank you to **Dean Johnson and Holiday Ice** for providing ALL THE ICE to keep the beer, soft drinks and water cold!! He stepped up to the plate, no questions asked!! We had an open ticket on the amount of ice we could have. A LOT of money was saved by not having to purchase the unbelievable amount of ice we use!! While you’re driving down the road, look for the **Holiday Ice** machines. Most of our NCBBA Citation tackle shops carry **Holiday Ice**.

# 2010-2011 Nominations

by **Rod Palmer, #12252**

If you ever said to yourself “I wish I could make a difference” now is the time! NCBBA is asking its membership to fill the Officer of Treasurer and 4 Director Positions on the Board that are up for election / reelection at our Annual Meeting to be held Saturday, May 28, 2011.

Those elected will serve a two year term and will meet at least once quarterly at a time and place designated by the President. Any member in good standing is eligible for election and must be present at the time of the election or signify in writing his or her acceptance of the position to which elected. Serving on the Board allows you to have an active role in the direction and planning of your Association. New ideas, talent and experience are needed and welcomed. Show your willingness to support your organization by asking to have your name added to the ballot.

Please send a brief resume and a current photograph, along with following form to:  
**Rod Palmer #12252**, Chairman, 4132 Valencia Road, Chesapeake, VA 23321 or e-mail me at rod.palmer@ncbba.org.

Your resume and photo must be received by January 10, 2011.

June 8, 2010

Mr. Jim Keene, President  
North Carolina Beach Buggy Association  
P.O. Box 940  
Manteo, NC 27954

Dear Jim:

We would like to thank you and all the members of the North Carolina Beach Buggy Association (NCBBA) for your continued support of the Cape Hatteras National Seashore Junior Ranger program.

The NCBBA donation of \$2,000 towards the Junior Ranger program helps provide booklets, patches and badges, as well as hands-on items for use in many of our children’s programs. Over 2,000 children participated in the NPS Junior Ranger program during fiscal year 2009.

The Junior Ranger program is one of the primary avenues in which we connect visiting youth and their families with the wonders of the seashore’s natural, cultural and recreational resources. Engaging children in our park’s stories through the Junior Ranger program is the first step for many in the process of learning to care about and practice good stewardship of this very special place.

Again, thank you for your generous donations. We look forward to our partnership with you and the members of the NCBBA in the future. If you have any questions, please feel free to contact us at 252-473-2111 ext. 148.

Sincerely,

*Michael B. Murray*

# About Property.....

by **Tom Burke, Vice President, #5463**

Our beaches are public property. They don’t belong to the Audubon Society, Friends of Wildlife, the National Park Service or any other group. They belong to us.

On Cape Hatteras National Seashore Recreational Area, the National Park Service is a steward of our beaches. We agree to certain rules and regulations to protect the rights of various user groups.

Many of our beaches are bordered by private property. Just as we ask the National Park Service and local government to respect our rights to access our beaches, we ask you to respect the rights of private property owners. If a property owner posts a sign that says, “No Trespassing,” it means No Trespassing.

We will do our best, working with the northern beach towns and the National Park Service, to provide adequate beach access.

Dear NCBBA,

Thank you for the scholarship and the opportunities it provides. You have helped me open many doors to success. I hope I can repay your kindness in the future.

Sincerely,  
*Will B.*

# Operation Beach Respect

by Rod Palmer, #12252

Well, another successful OBR took place on June 26, 2010 and the NCBBA thanks all of the volunteers. Once again, I was unable to meet and thank all the volunteers due to time constraints, but I will keep trying. From listening to the volunteers it is amazing, but not surprising, how many beach goers are not familiar with the access issues we face. The OBR's, in my opinion, are not only about being responsible stewards of the beach but also getting the word out about access issues we are all up against.

Thanks again to all that helped with the last OBR and if you have questions or suggestions about future OBR's please do not hesitate to email me at: rod.palmer@ncbba.org.

### Highway Cleanup

## Oops

by David Joyner, President, #5678

In the last newsletter The Fishing Report stated there were no Junior Members participating in the Member / Guest Tournament. There were

Junior Members participating, they just did not catch any fish to register. Our apologies to the Junior Members who came out to fish.

## New Mailing Address!

The Treasurer's resignation will result in some changes in the way the BOD conducts business in the future as we move forward to find a permanent replacement for Brenda. An immediate change your BOD decided on was to start receiving our mail at a more convenient location.

Our new address is: NC Beach Buggy Association, PO Box 189, Nags Head, NC 27959. Please begin using this new address. We have not closed the PO Box 940 Manteo, NC 27954 but we will progress in that direction in the near future.

## Want the Newsletter from the year you joined? Maybe even the month?

by Mike Metzgar, Director, #5559 Life Member

At present we have 165 NCBBA newsletters available electronically from 1964 to 2010 but we are missing a few to make the set complete. All the newsletters we have will be available for purchase in mid November for Christmas gift giving.

The set (computer disc) will cost \$50 and if you're interested in purchasing the entire NCBBA newsletter archive send a \$50 check or money order made out to NCBBA and noted as Newsletter Set. Be sure to include your member number as this will be for members in good standing only.

The mailing address is:  
Director Mike Metzgar, 407 Walnut Street, Roaring Spring, PA 16673.

We will also sell individual newsletter copies for \$5 each which will be sent by email after payment is received at the address above. Let me know the years and months. We'll accommodate your request the best we can. All proceeds will benefit the NCBBA legal fund. All newsletters can be printed and many are in color.

We are missing one or two issues from each of the following years: 1971, 1972, 1973, 1974, 1976, 1977, 1978, 1992, 1993, 1994, 1996, 2000 and are attempting to locate them to complete the set. If you have old newsletters and are willing to share them with us please let me know at mike.metzgar@ncbba.org.

## When The Beaches are Closed

by Mike Metzgar, Director, #5559 Life Member

When the beaches are closed it will be too late to help!

I do love being at CHNSRA and working as hard as I can for everyone's Beach Access..... it just seem lots of people don't realize how close we are to having no beach access at all. The lack of concern became more evident last Saturday while greeting over 125 vehicles on their way to Cape Point.

Friday, I took a day off work and traveled from my home in Pennsylvania to meet the responsibility I have as an elected NCBBA Director to "Preserve Free and Open Beach Access". I volunteered for the OBR to hand out garbage bags, NPS Driving tips and NCBBA applications at Ramp 44 as I have done 2-3 times each year for more than 10 years, long before I was a Director.

On Saturday September 25, I spent the entire morning with my friend, and former NCBBA Secretary Tracey Oates #11240, at Ramp 44 greeting visitors on their way out to Cape Point. Yes, we both volunteered for the Operation Beach Respect beach cleanup. It was a beautiful fall morning and there were lots of folks heading

for the Cape.....and nearly 40% were NCBBA members from Tennessee, Pennsylvania, Ohio, South Carolina, Western and nearby North Carolina, and many from the Tidewater area of Virginia.

Tracey and I asked many of the NCBBA members if they would help us and we were disheartened by the responses: "We are only here for three days", "We traveled 500 miles", "We came to fish not work", "We have been here 2 weeks and are going home today", "We pay our dues", "We are going to get bait", "We're headed to 55 where they're catching blues", "This is our Vacation", "This is the only time we'll be here". We both kept thinking "when the beaches are closed it will be too late to help!"

We were grateful for the thanks expressed by many for our efforts and although we have a superior group of Officers and Directors on our NCBBA Board of Directors we cannot do it all. We need YOU to get involved!

It's your Association.....email contactus@ncbba.org and tell us how you want to help "Preserve Free and Open Beach Access".

Debra Ferguson from Beaver Hollow Farm Riding Club from Chesterfield accepts NCBBA membership applications from Tracey Oates #11240 at Ramp 44 on Saturday September 25, 2010. Beaver Hollow Farm owner Wilbur Beavers said that they will become NCBBA members and appreciates NCBBA's mission for "Free and Open Beach Access" in CHNSRA. Recently they were prevented from riding on Currituck County beaches.

## Junior Membership Program

by Rod Palmer, #12252

Well folks, sorry to report that there has been no activity with the Junior Membership Program as of yet. I'm not asking for someone to do the work but rather someone to point me in the right direction. What are some good programs to increase the involvement of our junior members? Parents...speak up - you will be a major factor in this program. I really don't want this program to

fade away. Since many of our members are not Outer Banks residents, activities could be held in alternate locations.

I can alternate be reached at: rod.palmer@ncbba.org.

Tight Lines,  
Rod Palmer #12252

# Fishing Report

by John Newbold #14

At last my favorite time of year is at hand, and until Igor came along, fishing was just great! Light wind blew from the northeast, finger mullet had started their annual fall run, and puppy drum were biting! Most every trip to Oregon Inlet would produce a fish or two, but this fall the best bite has been on the incoming tide rather than on the falling tides we experienced last year.

On my best day so far, I landed a 32-1/2" fish, only to be bested less than ten minutes later by a 34-1/2" fish my wife, Sharon, caught! If you want your 'fishing feelings' hurt, ask her to go fishing with you, and get ready for a sacking!

Bait of choice is fresh finger mullet, either chummed or filleted. I always scale the fish prior to cutting up the bait. It releases the scent and is easier to push onto the hook. The head of the mullet is the choicest piece to use since smaller fish cannot steal it off the hook. I recommend hooking the heads from between the lower jaw up through the head with the hook clearly exposed.

Many folks fish a single hook using the carolina rig, or sliding sinker arrangement. I prefer to tie a double bottom rig using 40 or 50 pound line, tying two dropper loops into the line. I then affix two circle hooks. Like a size from 1/0 to 4/0 and have had more bites and hook-ups using bait I filleted rather than chummed. I feel this is because the fillets release more smell than chunks, and with two baits in the water, I up my odds 100%!

Puppy drum fishing is not rocket science, nor does it require a great long-distance cast to reach these fish. Year after year in tournaments, more women catch puppy drum than men because they don't cast as far out as men do. I am not saying women cannot cast, they can! What I am saying is that, in general, men tend to throw as far as they can, for whatever the reason...maybe a hormone thing! Anyway, the point is, these fish come very close to shore to forage and let the waves stir up things for them to eat. The fish will root around in the breakers that edge a slough, or break in the outer bar. When you find a nice 'hole' or slough, the temptation is to fish the middle of the hole. Avoid the temptation, fish the edges to the north and south of the hole and you will catch fish! Change baits often. I usually change baits every ten minutes or so, especially when fishing bait I have filleted since these baits tend to wash out rather quickly.

When fishing the beaches from Corova to Buxton on the east-facing beaches, a hard northeast

wind will produce the best results, while beaches south of Cape Point require a southwest wind for best results.

These fish are very powerful, and on the hook-up if you are using circle hooks, lift the rod up smartly and begin to reel. Do not jerk the rod to set the hook. All you will do is pull the fish off. During the fight, go right to the water's edge and move up or down the beach, keeping the fish in front of you. By standing still and letting the fish run out to the left or right of you, you stand an excellent chance of losing your catch. Use the waves to ease your fish in rather than tug and pull against a receding wave. The fish will turn and run, many times freeing itself.

Prior to the Little Hatteras tournament last week, the Stop-N-Shop Hotliners Surf Fishing Team were in Hatteras practicing prior to the tournament and team members did very well as you can see below.

Tom Burke #5463, Vice-President and yet another nice catch.

Sharon Newbold #4593 and a real fish... 39-1/2" DRUM.

## NCBBA Website 2011 and Beyond.....

by Mike Metzgar, Director, #5559 Life Member

The new website www.ncbba.org was launched on June 27, 2009 and the visits by the membership grow every month. If you haven't been to the website you're missing frequent updates about YOUR Association and many other articles that affect our access to CHNSRA.

Some facts about your website in the last 15 months: 189 new members joined via the website but only 168 members paid dues online..... PAY your DUES online .....it's easy, painless and convenient!! Help NCBBA become more efficient and make the Treasurers job easier.

At a time when your Association is spending money in large quantities for Access our Legal Fund donations on the website are at an all time

low. If you can't be active please donate at www.ncbba.org .....to your Non-Profit 501c3 organization where your donation is tax deductible and every little bit helps.

Your BOD planned to save money by emailing the newsletter to members at the end of 2010. As part of that project NCBBA began sending constant contact letters to all members with email addresses on file. The downside is that 20% of the letters were rejected due to incorrect addresses. We need you help to keep email addresses current so please send changes to mike.metzgar@ncbba.org, and let me know if you would like the newsletter sent in color electronically.

## Fishing Tournament & Citation News

by Mark Burbic, Director #12404

It's that time of year again for the fall fishing tournaments. The following are the men and women who will be representing your organization. As of press time we are still two team members short for the Nags Head. Your organization needs you. I only received 15 total requests for all 3 tournaments, and 18 fishermen are needed for the NCBBA to field teams. If more members don't participate, the NCBBA is in jeopardy of not fielding teams for our own local tournaments in the future if this trend continues.

Please be part of "YOUR" organizations future and submit requests to fish for the NCBBA in next years events.

Good luck to our members in the upcoming tournaments, and thanks to them all for volunteering to represent our organization!

It's been a busy summer for me in the air conditioning world, and I know some of you haven't received your citations yet. I've got them printed and ready to go. Keep those citations applications coming. Send Citation forms to: Vice-President Tom Burke #5463, 2512 Virginia Dare Trail,

Nags head, NC 27959, (252) 449-0433, tom.burke@ncbba.org.

Don't forget the Red Drum Tournament, or the "Angler of the Year Award". Also, take a child fishing and get some practice for the Brian Edwards Memorial Trophy awarded at our annual meeting. I can't stress enough that this is "YOUR" organization. Participate. Get involved in the NCBBA and see why we are one of the most respected organizations on the east coast.

And as always, support free and open beaches everywhere. See you on the beach!

**Roster for NHSFT NCBBA Fishing Team**  
Sylvester "Bud" Hardison #12055 - Capt., Nicholas M. Bliley # 3419, Larry Harmon # 9054, Brian J. Butler # 5665.

**Roster for CHAC NCBBA Fishing Team**  
George Mood #12730, Jim Wilson #10381-Capt., Carol Mowers #10999, Clint Dekker #11644, Robert Yapundich #13777, Jerry Stup #3341.

### OFFICIAL NCBBA FISHING WEIGH STATIONS

**Support your weigh stations with your business They support us!**

Remember, the Weigh Station weighs the fish. You are responsible for seeing that the citation form is mailed to NCBBA.

Send Citation forms to: Vice-President Tom Burke #5463, 2512 Virginia Dare Trail, Nags head, NC 27959, (252) 449-0433, tom.burke@ncbba.org.

# Membership

by Carol Mowers, Membership Director, #10999

The fall is upon us again. A good time to get out on the beach and do some fishing. In October, a membership table will be at the Nags Head Surf Fishing Club Tournament and the Capitol City 24 hour Tournament. Our big event for October, of course, is the Red Drum Tournament. If you are participating in either of these events, please stop and say Hi. In November, there will be a membership table set up at the Cape Hatteras Anglers Club Tournament. NCBBA will also be co-sponsoring the fall UMAP (previously UMS) meeting with Cape Lookout Mobile Sportfishermen, Cape Hatteras Anglers Club, and Outer Banks Preservation Association. This is planned for the same Saturday as our last beach clean up and adopt a highway program, November 13. Plan to join us, contact Rod Palmer to volunteer.

Over the winter, I will be contacting our Pennsylvania members for the upcoming show we will again attend in February, 2011, in Oaks, Pennsylvania. Volunteers are welcomed.

Membership continues to grow and keeps the non renewal membership in balance. Please encourage anyone that you know to join us or to renew their membership. Legal cost are paid through membership fees and donations. We continue to need everyone's support.

If in the last several months you have received delinquent or deleted notices that were not warranted, please accept my apology. We will get it straight. Thanks for your patience.

Have a great fall, and make some down time to do some fishing. Hope to see you on the beach.

While fishing one of his favorite holes in Kill Devil Hills, Pete East, 2928, saw a lone fisherman fishing a short ways down the beach. He walked over to him, started talking and established a friendship, and then they discovered their last names. Someone once said, "the twin shall never meet" but they did on KDH beach. John West, from Powhatan, Va., and Pete fished together for several days and before John had to leave for Virginia he became a member of NCBBA and is looking forward to drum fishing in October.

## Secretary's Report

Continued from page 1

at all meetings in this issue for a balanced group involvement.

President Joyner reported that the RDT action plans have been made and sent out to everyone. Since that time we have a certificate from OBX Chevrolet for the insurance policy for \$1,625. for the 2010 Chevrolet Silverado 2500HD that will be given to whom ever catches a world record red drum during the tournament. T-shirts have been ordered and are here. Frank Folb has donated the cost of the shirts for the NCBBA. Hats are ordered and will be soft denim, different from last year due to cost. 139 people are signed up for the tournament so far and 13 of those are judges. Tables and chairs do not need to be rented this year because the event will be held at Cape Hatteras High School and they have these there already for us to use.

Director Mowers has already mailed out the invoices to the past advertisers for the RDT book. She has also requested better advertisement of the tournament on the web site home page and that it might be more user friendly.

Director Metzgar had completed the leader's board for the tournament also.

Nothing to report on the UMS meeting.

Nothing to report on banners and flags.

Treasurer Outlaw reported on the audit and state license. The renewal application was sent in with a \$50 check but was sent back for an additional \$50 due to the larger amount of contributions made

to the organization. The additional check was cut and sent back with the application.

Director Davis reports on the Annual Meeting. The amount of people that attended was down from the previous year but that all in all it was a success. Merchandise sales were up and the raffle sales were real good. The caterers and the band are already lined up for next year's event. She requested changing the amount of beer that is ordered for there was a lot left over.

President Joyner reported on the OBPA calendars. NCBBA has agreed to give \$100. a month in the way of a gift certificate from one of the NCBBA weigh station tackle shops. All the money from the calendars goes to CHAPA.

Correspondence to report on is one from Mitchell Cady from Manteo who was chosen as the Member-Members Children scholarship recipient. Another was from Mike Murray in response to the donation for the Junior Ranger Program.

The 50th Anniversary Celebration was discussed. The theme being the "Old Nags Head Casino". A location to be looked into will be the Wright Brothers Pavilion. Caterers will be asked for bids on this event.

Guest member Dave Greens brought up the public comment period on the NPS wanting to put a public boat ramp behind the Coast Guard Station in Hatteras and how the impact would be a negative one for beach access off the spur road at ramp 55.

Motion to adjourn the meeting was made by President Joyner. Directors Cavins and East seconded. The meeting was adjourned at 4:02 PM.

## Tommy Farmer #13043 National Distance Casting Champion

by David Joyner, President, #5678

3 Time World Distance Casting Champion Tommy Farmer #13043 has donated his time to put on a casting seminar on Sunday after our Annual Meeting the last two years and has agreed to do so once again. You should make plans now to attend as it has paid off big time for newly elected NCBBA Secretary Dottie Broadbent #12666. Dottie attended this year's event & cast a conventional reel for the first time. Under Tommy's watchful eye Dottie soon was casting quite well. She decided to give competition a try and proceeded to win her very first competition! Dottie describes the casting tournament held in Shallotte, NC on September 17th, 18th & 19th and put on by Carolina Surf Casters Assoc. which she is a member of as a wonderful experience. There were 13 members competing. Friday was

practice day and Saturday and Sunday were tournament days. We casted on a sod farm with great fields. The field is marked off and you cast all day and measure at the end of the day. The casts are marked by a flag then measured at the end of the day. We were asked at the beginning what we thought our best cast might be. I threw out 400' without ever throwing that far before, then on the second day that's what I threw...exactly 400.0' for the championship. I had never thrown that rod and reel before that weekend but with the confidence I had from learning from Tommy I knew I could do it. Now I will be working on reaching the women's record of 512', and know I can do it.

Congratulations Dottie!

# Merchandise Corner

by Laura Davis, Director #11003

Our 2010 Collector's Edition T-Shirts are quickly selling and there WILL NEVER be another order made for any 2010 Design items. SO GET YOUR'S QUICK!!

We have Mike Stokes (#13254) busy at Flying Fish Screen Printing, Inc. designing our 2011 Collector's Edition Design and NCBBA will be offering the new design in January. **No more waiting until the Annual Meeting and Pig Pick!** A sneak peek of the new design will be available in December on our website and orders can be made in January. Mike has been donating our Annual Design for several years now and I look forward to his "rough draft" that will be ready for our Director's to preview soon. Thanks again Mike! Your continued support of NCBBA is greatly appreciated!

If you wish to purchase items that are in stock in person, we will have all merchandise set up at the **2nd Annual NCBBA Red Drum Tournament in October**. The booth will be set up on Wednesday, October 20th and again on Saturday, October 23rd. I also plan to be at Frank and Fran's selling

these items off the tailgate on Wednesday during registration.

For all of you that live "Up North", plan on visiting the NCBBA booth at the **Greater Philadelphia Outdoor Sports Show, Oaks, PA, February 17th - 20th, 2011.**

The sale of these items is a big part of the funds we raise for NCBBA to support the causes we hold near and dear to our hearts. Please visit our website at [www.ncbba.org](http://www.ncbba.org) to place your order!

We not only have T-Shirts, sweatshirts and hats but sweatpants, ladies shorts, mock turtlenecks, bottle huggies, reel covers and our **new** canvas totes. We have also created an "Official" line of clothing. These shirts are modestly printed with our NCBBA logo featuring the Hatteras Lighthouse.

We will not be reordering the 2010 "What a Decade" design T-Shirts. So once we run out, that's it. Be sure to get yours today!!!

I accept any comments or suggestions on our merchandising program. Please feel free to email me at [laura.davis@ncbba.org](mailto:laura.davis@ncbba.org).

## Issues Before the Board:

- 2nd Annual NCBBA Red Drum Tournament.
- Getting More NCBBA Members Involved With Their Association.
- USFW Critical Habitat Designation Lawsuit.

## 2010 Photo Contest FOR JUNIOR & REGULAR MEMBERS!

Carol Mowers, Photo Contest Chairperson

New Junior Category this year. \$50.00 first place. Deadlines for Photo Contest entry is December 12, 2010. Capture those memorable moments of the Outer Banks and submit your photos.

To submit your photo via email, please be sure to follow these instructions exactly.

- Email Your Photo to [photos@ncbba.org](mailto:photos@ncbba.org) with the subject line "2010 Photo Contest Submittal"
- In the body of your email, you must have ALL of the following information
  - Your Name
  - Your Member Number
  - Address
  - City, State, Zip
  - Phone Number
  - Email Address
  - Date Photo Was Taken
  - Location Photo Was Taken
  - Your photo should be individually attached to the email and should meet the following guidelines:
    - No more than 3mb in size
    - In JPEG format
    - Highest resolution possible.
    - No obvious editing, photoshop signatures, or watermarks should be present.

### CONTEST CRITERIA: (Please read and follow carefully)

- The photo **must be taken within the calendar year** beginning January 1, 2010
- Members can submit more than one entry, but contestants can only win one prize.
- The photo(s) can be submitted at any time during the calendar year, with all photo entries **postmarked no later than December 12, 2010.**
- Each photo entry must have a **completed** entry form TAPED to the back.
- The **photo size** must be either a **4"x6"**, **5"x7"** or an **8"x10"** in color or black and white.
- The photo **must be taken on the Outer Banks** and reflect the attractiveness and/or the attractions of the area.
- The photo(s) should be of good quality with clear images.
- The photo entry will remain the property of NCBBA.

Professional photographers are requested not to enter this contest. The photo entries will be judged and prizes for first (1st), second (2nd) and third (3rd) place will be awarded. The winning photo entries and names of winners will be published in the January/February issue of the NCBBA Newsletter. All winners will also receive a letter of congratulations along with their prize. The prizes include: \$75 for first place, \$50 for second place, \$25 for third place, and \$50 for Junior member 1st place.

Send your entry to the address on the entry form.
