Access to the Point takes a Tern....

by Al Adam, Vice President #13459

After enjoying 660 days, (less one for ordinance disposal), of continuous ORV access to Cape Point a colony of Least Terns has taken up residence in a location where mandatory buffers make it necessary to close access. We recognize Cape Point as the "Old Faithful" of Cape Hatteras National Seashore Recreation Area and when it is closed it has a great deal of impact, emotionally and realistically for fishermen, shellers, and those who just wish to take in that most dynamic venue on our east coast. Your present and immediate past BODs inherited a very good access

situation due to the incredible hard work of previous BOD members and affiliated pro-access groups and individuals.

Our own NCBBA president Jim Keene was a tremendous advocate and spent countless hours and personal sacrifices in working with OBPA and others while becoming one of the foremost experts on challenges and intricacies of the situations that led to the closure of much of our beaches. Without going into those factors or the daunting task of fighting for fair access, and without listing all of the access advocates for fear of leaving out some

who, like Jim, sacrificed much on our behalf; I will tell you that the battle was partially won when legislation tied to the National Defense Authorization Act included S-486, Preserving Public Access to Cape Hatteras Beaches Act. This occurred at literally the same time our current NPS Hatteras Group Superintendent Dave Hallac was departing his position in Yellowstone to take over his new position in Manteo.

In the three plus years since this transition, Dave Hallac has worked with a number of local groups and individuals, including your past and present NCBBA directors, officers and members, to reduce some of the previously excessive buffers, improve physical access to a number of areas within our park and apply some adaptive management measures in trying to comply with S-486. While doing this he has kept his word to do his best to make the visitor and resident experience good for all who wish to enjoy CHNRSA while maintaining the required resource protection. That was his message day one and remains his message today. Those of you who are familiar with the current NPS staff have noticed that they are here to please our guests.

That being said, we whom you have chosen to represent NCBBA, along with a number of others from OBPA, CHAC and

more, continue to work to try to obtain more area and hours of access. The rules that currently govern such things as buffer zone sizes and duration, currently responsible for the closure at Cape Point, are subject to challenge as is the "best available science" that created them. In fact, Dave Hallac is currently working with Gordon Myers, Executive Director of the North Carolina Wildlife Resources Commission to specifically analyze the impact of ORV traffic on colonial water birds. The study is in the planning stages with intentions to schedule in 2019.

Because of the dynamic environment of our "sandbar" the challenge is also dynamic with today's solution not working tomorrow. The current situation at the Point may well be created by the development and subsequent merging of Shelly Island to the Point. While on the surface it created a greatly desirable and expanded area, it also created many additional acres of that broad flat beach adjacent to the tidal line that some of our feathered friends consider ideal for nesting opportunities, regardless of limited fledging success in past history. The fact is that recent heavy rains may, as I write this, be making access to Ramps 44 and 49 impossible had they

Anglers parked at entrance of enclosure and walked in water to fish at The Point during Spanish Mackerel run in May.

Scholarship Awards 2018

by Pam Smith, Secretary, #13271 Life Member

Each year NCBBA, the Dare County Schools and Ocracoke School work together on an application and selection process to find one senior from each school to be awarded the NCBBA scholarship. For 30 years, we have been active in this program. Our scholarships are for \$500 initially and are renewable for three years for a total of \$2000. One additional scholarship is awarded to a child of an NCBBA member.

The scholarships were awarded on behalf of our membership to these deserving students. These young adults were outstanding students who excelled in the classroom, have been leaders in their communities, spent hours volunteering, and participated

in sports and the arts. Somehow, they still found time to work and keep their GPA's at the honor level.

This year's award winners are:

Guadalupe Martinez is from Ocracoke School. Her friends called her Lupita. She is an outstanding young woman. She is an athlete, dedicated to her church, loyal to her family, a great student and a first-generation college student. Lupita will be attending Elizabeth City State University this fall to major in Business. She plans to return to Hyde County to start her own business venture.

Amazon Smiles on NCBBA

If you shop on Amazon, you can help NCBBA every time you make a purchase. All you have to do is sign up for Amazon Smile. Go to smile.amazon.com. When you sign up, you can designate which organization you wish to support. Choose NCBBA from the list and the Amazon Smile Foundation will donate 0.5% of the price of all eligible purchases you make to NCBBA. Sign up today and begin helping NCBBA with your next purchase!

From Membership

When ordering a replacement plate, the year embossed will be the year you originally joined NCBBA. Please note the ordering process of a replacement tag can take a couple of months. Replacement plates cost \$25.00.

DO NOT pay dues in advance - wait for the renewal notice.

Please inform me of your change of address promptly - you may write, call or email. When a membership renewal notice or newsletter is returned because of an incorrect address, it is expensive for NCBBA and could result in deletion of your membership.

Please pay your dues promptly. According to the constitution, a membership will be deleted if dues are not paid within 90 days of the billing month. Don't let this happen to you. Your membership is important to us!

If you have any comments or questions, please email me at carol.mowers@ncbba.org.

Keep Your Information Up To Date

We want to alert you that you have the option of getting the newsletter via U.S. Mail, email or both. If you sign up for only getting it via U.S. Mail you will not get our other communications which are sent via Constant Contact email. These communications are sent periodically during the year when we have something we want to share outside the quarterly newsletter cycle. We try to keep the emails to a minimum and we do not share your email to any other organizations. We have a number of members with invalid email and/or postal addresses. We work to find correct contact information but we need your help. Please keep your information updated by contacting Carol Mowers and let Carol know your preferred method of communication.

To Our Readers

Letters to the editor must be signed, include the writer's address, a telephone number, and most importantly, your NCBBA number. All letters are subject to editing and approval. Send to: Editor, NCBBA Newsletter, PO BOX 189, Nags Head, NC 27959 or email to Editor@ncbba.org.

President's Corner

by Bill Smith, President, #7126 Life Member

The Point

On Saturday, May 19, a portion of Cape Point was closed. Nesting Least Terns along the south side created the need for a resource protection closure. The closure, which originally protected twelve nests (those numbers have increased significantly since this article was written), will likely remain until late July.

Everyone from NCBBA to the National Park Service, to every fisherman and guest who loves The Point is disappointed the closure was necessary. Are we surprised? The answer would be "no". The dynamics of Cape Point and the merger of Shelly Island created a wide, favorable nesting area. This was not the situation last year when The Point was a narrow spit of land and overrun with visitors to Shelly Island.

NPS Superintendent Dave Hallac and Gordon Myers, Executive Director of the North Carolina Wildlife Commission are planning a study to further qualify the size of buffer zones which may enable more adaptive management and adjustments to closures. The study, focused on Colonial Water Birds, looks toward a long-range plan that in turn could have a positive effect on resource management.

Your NCBBA Board will continue to work with the National Park Service, as

well as other access groups, always with a goal of maintaining and improving access to our beaches.

The Annual Meeting

This year's Annual Meeting was a tremendous success. The crowd of over 200 people enjoyed the new venue at the Beach Klub in Avon, the excellent food, fellowship and the outstanding entertainment. NPS Ranger Josh Ruzanski brought us up to date on the beaches, while Tommy Farmer provided the necessary fundamentals to help us all improve our casting.

It was great to see so many old friends, along with so many new members and first-time attendees to the event. One of our raffle winners (of a new rod and reel) had been an NCBBA member for a week and a half.

Thanks to everyone who attended, to Joe Thompson and his staff at Koru, to Co-Chairmen Charles Lockett and Ed Frankenstein and to all those who assisted with set up and clean up. It was a great day for NCBBA.

If you missed the event, mark your calendars for next year's Memorial Day Weekend. More details will follow in upcoming newsletters.

Moving Forward

Your NCBBA Board is excited about the

year ahead. All the pieces for this year's Tenth Anniversary Red Drum Tournament are in place and we already have almost 70 anglers signed up to fish.

Several members have questioned our commitment to the Outer Banks communities with the change in venue of both the Annual Meeting and the Red Drum Tournament. That commitment has not changed. We have budgeted a \$500 donation to the Rodanthe-Waves-Salvo Community Center, where we hold some Board meetings throughout the year. We

just awarded a \$500 scholarship to a deserving senior at Cape Hatteras Secondary School and earlier this year donated \$750 to the Coastal Studies Program at the school. NCBBA will continue to work to be a positive force throughout the Outer Banks communities.

The summer months are upon us and I hope you all have an opportunity to get down and enjoy the beautiful beaches of the Outer Banks. Have a wonderful summer and I hope to see you out on the beach.

Secretary's Report: January 27, 2018

by Pam Smith, Secretary, #13271 Life Member

Once again, the Outer Banks is awakening from the long winter sleep and the island is alive with activity. Your Board of Directors have been busy with planning and executing activities for our members. On April 21 we held our first Operation Beach Respect of 2018. A picnic for the participants followed the beach cleanup at the Rodanthe Waves Salvo Community Center.

Our April Board of Directors meeting was held at the same location. Each board chairman presented their reports on their respective committees. Our focus was on preparation for our Annual Meeting, Co-Chairmen, Charles Lock-

ett and Ed Frankenstein reviewed the Annual Meeting's Action Plan and our assignments. The Election Committee chairman Harry Nash and his committee reviewed the process of the mail-in ballots and on-line ballots and the dates the votes must be submitted.

The NCBBA Annual Meeting was held on May 26 at the Beach Klub in Avon, NC. More details about the Annual Meeting and its activities can be found in additional articles in this publication. The Minutes from the April 21, 2018 meeting were approved and will be posted on our website.

Access to the Point takes a Tern....

Continued from Page 1

not been raised 24" and 36" respectively as part of the access improvement plans. Between, and including Ramp 2, at Bodie Island to Ramp 72 on Ocracoke Island there have been several improvements to both ocean and sound side access. We would like to see more access to Oregon Inlet via Ramp 4 and removal of the seasonal closure of Ramp 23 in the future. The limited area accessible from Ramp 4 causes many to make a longer drive down Hatteras Island than they may wish and the seasonal closure of 23, my personal favorite, puts more pressure on the newer Ramp 25.

The Point is likely to remain closed to ORV access until sometime in August. It is accessible by foot should you choose to walk there while keeping your feet in the water through the closure area. We're not happy about this situation but hope that,

for your sake and that of the businesses that serve us on Hatteras, the closure of .4 of a mile does not keep you from using the 25 miles plus of beach that is still ORV accessible. On a personal note I thoroughly enjoyed Hatteras Island for over 20 years before first visiting Cape Point in 1995. I'm not saying that you should feel the same but must say, coming from greatly restricted beach areas on our northeast coast, to this day I am thankful for the legislation that created CHNSRA and prevented it from becoming an overdeveloped nightmare. While keeping in mind what has been lost on Hatteras Island, and continuing to fight for any and all access gains that we can make, I am grateful for what we do have and will always appreciate and enjoy it.....hoping that you will as well.

Scholarship Awards

Continued from Page 1

Aubrey Lanier is from Manteo High School. Aubrey has diverse interests and a long list of achievements. He is an outstanding student, an award-winning athlete and a person who enjoys everything in the natural world. He likes hunting, fishing and observing nature. Aubrey will be attending North Carolina State University and will major in Fisheries and Wildlife Science.

Susanna Couch is from Cape Hatteras Secondary School. Susanna has many interests. She is active in her school, church and community. Susanna will be attending the University of North Carolina Charlotte. She plans to major in English and would like to study abroad. After graduation she wants to pursue a career in Journalism.

Isabell Eckard is from First Flight High School. Isabell loves learning. She is a varsity athlete in softball and swimming, active in an after school tutoring program, a member of the National Honor Society and works

with NC State's Blue Crab Research program collecting data and samples. Isabell will be attending NC State, where she plans to major in Biomedical Engineering.

Erin Welsh from Archbishop Wood High School is our Member's child award winner. Erin is from Warrington PA. Ever since, she was three, Erin and her family have spent summers vacationing on Cape Hatteras. Erin served as a captain of her high school varsity lacrosse and soccer teams, was a peer leader, active in the Student Council and participated in Athlete Helping Athletes. Erin will be attending La Salle University.

This year's scholarship award winners demonstrated their desire to learn, gave back to their communities and expressed a love for the Outer Banks. These young people have a bright future ahead of them and NCBBA is proud to assist them in their educational pursuits.

Secretary Pam Smith and Scholarship Winners Aubrey Lanier and Guadalupe Martinez.

Russ Privett Results

by Francis Kennedy, Director, #9906

The Saturday of this year's Annual Meeting was a beautiful day for fishing and we had five entries in this year's Russ Privett Member/Guest Surf Fishing Tournament.

Dennis Newton #11368, fishing on Ocracoke Island landed a Sheepshead weighing in at 5 pounds, 13 ounces. We had a Junior Winner this year for the first time in several years. Logan Futch took the Junior title with a Sea Mullet weighing 13 and 3/4 ounces.

Other tournament entries were Dennis Newton again with a 2 pound, 13 ounce Pompano. Linda Mauck #11367 entered a 1 pound, 14 ounce Pompano and another weighing in at 1 pound, 4 ounces. Ed McConnell #13270 recorded a Pompano weighing 1 pound, 10 and 3/4 ounces.

Thanks to all those who entered and be sure to watch for information on next year's tournament.

Francis Kennedy presents plaque to the junior winner of the Russ Privett tournament to Junior Member Logan Futch #50295.

Fishing News

by Pat Preston #75

Well the current news is the Cobia bite that has been outstanding as of late, even including the surf fishermen at the Cape Point area along with some days at Ramp 38. Many have been surf caught, with most undersized having to be released, but Kara Eakes at Red Drum Tackle tells me that wasn't so with Wayne of central North Carolina. Seems he had been fishing for two days in a boat at Hatteras Inlet and having no luck, decided to walk out to the Point and promptly lands a whopping 96 lb. Cobia on a squid stripped bucktail. Kind of hard to one-up that story. Way to go Wayne! By the time this report is hitting the street, most everyone will know that as of 6-1-18, only one Cobia per day per boat. Guess if you're surf fishing everyone in your party can keep one, but don't take my word for that.

The Spanish Mackerel have been putting quite a show on too, lately. Lots of limits are being had, with a good run of 2-4 pounders at the Point the 3rd week of May. You can pretty much mark your calendar each year the last week of May and the 1st week of June for this sporty fish. Of course, we expect them around most of the summer.

Sea Mullet are biting in good numbers as well, with several citations landed in Ramp 43 area, and I'm sure they are catching more in less popular areas. If you look at area reports, they're included at all areas of the island and the north beaches above Oregon Inlet. Pompano are starting to be a

targeted fish as their numbers are heating up. Typical of Pompano, there has been several citations among the early scouts, one was brought in at the member/guest tournament of Nags Head Surf Fishing Club last week that weighed 2 lb. 13 oz.

Channel Bass, wow, hasn't gotten a mention until now, but thankfully they're still biting almost anywhere you can put a line in the water. Back of Oregon Inlet, all along the sound the whole length of the island are being sight cast landings of all sizes as well in the surf in the suds. As a lifelong resident here, I've never seen drum fishing as good as it is all year. I've also said this statement the past 5-6 years to boot. Speaking of drum, at the recent Ocracoke Invitational Surf Fishing Tournament in early May, Kevin Jacobs of the Surfside Anglers was relegated to the beach because of a mild stroke a couple of months prior, forced to watch his teammates out on the bar catching small blues and sea mullet, when a 43" drum jumped his bait in the slough. Teammate Casey Copeland told me he saw the drum roll and then noticed Kevin was bowed up and yelled to the others to get their lines out of the way. Needless to say, it was the fish to propel them to the awards ceremony reaping 1st place prizes. To cap it off, it was his birthday. Good 'ole tuna belly.

I could ramble for hours, but I'm heading for some Spanish waters this afternoon. Remember to always help keep the beaches clean, trash can be picked up and possessed at any time, with no limits.

Citations and Angler of the Year

by Francis Kennedy, Director, #9906

This year we awarded 12 NCBBA Citations in categories for Bluefish, Flounder, Pompano, Red Drum, Sea Mullet and Speckled Trout.

This year's Angler of the Year award went to Pam Smith #13271. Pam took the title with a Pompano (1 lb. 13 oz.), a Sea Mullet (1 lb. 7 oz.) and a pair of

Bluefish (33 and 34 inches, released).

Be sure to visit our NCBBA website and print yourself some citation forms in case you land an award-winning fish out on the beach. They can also be found at NCBBA Weigh Stations. This year's competition is underway so get those citation forms submitted.

TOURNAMENT RULES

1. Official entry form (Anglers Species Report) must be presented when submitting a fish to a tournament official.
2. Fish must be measured & verified by on-duty Tournament Official to qualify for entry.
3. All fish caught on 10/25 must be registered before 11:59 P.M. on 10/25. All fish caught on 10/26 must be registered by 11:59 P.M. on 10/26. All fish caught on 10/27 must be registered by 12:00 P.M. on 10/27. Angler must be registered when the fish is caught. No fish can be entered after 12:00 P.M. on 10/27. **Exception: If fish is hooked prior to 12:00 P.M. the Angler may land the fish provided judge was called before 12:00 P.M.**
4. The Co-Chairman, Head Judge or NCBBA may cancel the complete tournament or any portion of the tournament if circumstances such as bad weather arise. If the complete tournament is cancelled before it begins, a total refund of entry fee will be made. Once the tournament begins, no refunds will be made.
5. All fishing will be governed by IGFA, state and federal rules and regulations.
6. The Co-Chairman or Head Judge reserves the right to disqualify any fish of suspicious nature that is entered.
7. All Anglers will display their fishing gear for examination to any Tournament Official on request. Anglers are limited to 4 rods, per licensed fishing person, that you may actively fish. Do not use unattended rods to take up beach area.
8. Keep the beaches clean - no bait scrap or carcass to be thrown in ocean or left on the beach.
9. Judge cellular phone numbers, provided at tournament, will be used for tournament communications and emergencies only.
10. No nets or gaff may be used by Anglers. No use of boats or other flotation devices may be used for placing baits. No assistance allowed in casting or landing of fish. This is a catch and release tournament except Bluefish and Mulletts.
11. Anglers will need an area working cellular phone. If a judge does not answer, please call roaming judge or closest ramp judge in your vicinity.
12. Surf fishing only, feet must be on the sand. No sound-side fishing. Anglers must only fish in designated beach driving areas. The judge must be able to drive to you in order to score the fish.
13. All measurements will be determined by TAIL LENGTH. In case of a tie, first measured fish wins.
14. All Anglers must have a current NPS Off Road Vehicle (ORV) permit to drive on NPS beaches; available at the Bodie or Cape Hatteras Lighthouse and online.
15. All Anglers must have a valid NC Saltwater Fishing License; available at most tackle shops.
16. In accordance with IRS rules, all winners are required to fill out and sign IRS Form W9 prior to payment/receipt of prizes.

Slight changes in rules & prizes may occur between this printing and the tournament. All entries will be advised of any changes at registration. Co-Chairman, Head Judge and Asst. Head Judge excluded from prizes.

Signup for the 10th Anniversary Red Drum Tournament

by Bill King, Director #1467

I have GREAT NEWS about our Red Drum Tournament to be held October 24-27! It's only June and we already have a steady stream of folks signing up. It's promising to be one of our best tournaments ever. To register, simply go to our web site and click on Shop then follow link to Red Drum Tournament tickets.

Based on your suggestions we are expanding to Ramp 43. That is IF we have enough judges. Remember, if you volunteer to judge, your entry fee will be cheerfully refunded. Your RDT Committee is planning several new elements to make the tournament more exciting and being the 10th anniversary we've raised prizes & cash to \$10,000! Register now - YOU might be the lucky one to reel in the Big Red Fish.

Headquarters will be located at Frank & Frans and will be open on Wednesday starting at 10:00 A.M. Registration will be held right up to the start of the tournament. The board members will be out in the parking lot welcoming all the anglers and helping Carol Mowers with merchandise and raffle ticket sales.

Another change is there will be no meal provided on Wednesday night. There will be a meeting at 6:00 P.M. for judges and "First Time" anglers only. There will be sandwiches & maybe a pizza or two for these folks. That meeting will take place at the Avon Fire Department (turn off Hwy 12 at Burger Burger and the fire station in down on the right). Please consider supporting Toys for Cape Hatteras kids by either a money donation or bring a toy. The Hatteras Food Bank is always in need of current dated canned food and dry goods. All items may be dropped off at the Red Drum Tournament Headquarters, Fran n' Fran's Tackle in Avon or you may contact Lee Barrett for drop off directions (757-401-0721 or Lee.Barrett@ncbba.org). Thank you for your donations. See you at Frank & Frans on the 24th!

10th Anniversary NCBBA Red Drum Tournament 2018 Angler Application

Applications for the NCBBA 10th Annual Red Drum Tournament will be honored on a first paid basis! Those registered by September 1st will be guaranteed their size tournament t-shirt.

Enclosed is my Tournament registration fee of \$100.00; In addition, I have included a Donation of \$_____.

Complete all items legibly.

**Make check payable to NCBBA and mail to:
NCBBA 10th Annual Red Drum Tournament,
909 Cedar Drive, Kill Devil Hills, NC 27948**

NCBBA Member # _____ Date _____

Name _____

Address _____

City _____ State _____ Zip _____

Cell Phone _____ E-mail _____

Check T-shirt Size: () Small () Medium () Large () XL () 2XL () 3XL or () 4XL

Check each category: Gender: Male () Female ()
Age at Time of Registration: Under 16 () 65 & Over ()

**Applications received after September 1, 2018 may not receive correct size T-shirt!
Refunds will be granted until September 1, 2018.**

Judges Needed

Please check here if you are interested in judging ()
Please refund my \$100 at registration ()
Keep my \$100 as a contribution ()

At least 36 people are needed as judges for the Tournament. If you are interested in being a judge you will be compensated for your time with a free entry into the tournament allowing you to fish during the times when you are not judging. Each judge is expected to work 2 shifts up to 6 hours each during the 3-day event. Judges will be assigned a ramp to work and will need a 4x4 vehicle to cover a 3 or 4-mile area of the beach between the ramps. If you judge, your entry fee will be refunded during on-site check in at the tournament. Expansion to Ramp 43 will depend on judge availability.

NCBBA may reject any Application and Entry Fee.

2018 Annual Meeting, Pig Pickin' and Russ Privett Tournament

by Charles Lockett, #12383

It was absolutely great to see all of those that were able to make it to this year's annual meeting and Pig Pickin'! Your Board of Directors spent a great deal of time trying to put together the right combination of date, time and location that would better serve the greatest number of our members and we might just be on to something! Many thanks to everyone who helped to make our Annual Meeting a success! And shout out to my co-chairman for the committee, Ed Frankenstein. Without him we could not have pulled this off. I hope everyone had a great time!

Congratulations to our returning Officers and the newly elected Directors, Kaity Watts and Chris Worthington! A special congratulation also to our scholarship winners!

At the Pig Pickin', we enjoyed a delicious meal by "Topside Catering" and entertainment by "Jus Chillin'!"

Please be sure to know that even though we've already begun the plans for the 2019 Annual Meeting, we would love to hear your ideas on how to make it an even better event! Hope to hear from you and we're looking to see you there!

Also, a huge THANK YOU to the following people and business that made contributions to help make our day a success:

Joe Thompson - our host
Oceana Bistro
Diamond Shoals
Bill and Pam Smith
Lee Barrett
Mark Begiebing
Village Realty
Frances Kennedy
Suzanne Anderson
Joe Lamb, Jr. and Associates Realty
Bill King
Frisco Rod and Gun
Teach's Lair Marina - John Mortensen
Frisco Tackle
Billy's Truck and Auto
Island Cruisers - Valeria and Eric Stump
Hatteras Jack's

Ellisa Thompson - our bartender
Blue Moon Beach Grill
Island Spice & Wine
Al Adam
Mulligan's
Red Drum Tackle
Charles and Cindy Lockett
Sam & Omi's
Avalon Pier
Cape Pines Motel, Buxton, NC
Carol and Dave Mowers
TW's Tackle
Jeanette's Pier
The Fishin' Hole - Mike Jackson
Outer Banks Pier
Dirty Dick's
Whalebone Tackle
Dillon's Corner

Member Facebook Comment on Annual Meeting

Joy Rabon Taylor Wonderful NEW Ocean Front VENUE for our meeting! Great Choice !!! Thanks to everyone that made this event possible! NOTE to Members that have never been to a meeting and pig picking....You don't know what you are missing !!! Couldn't believe the number of NCBBA tags I saw heading north when I was heading south to the meeting. Thanks again to everyone that made this meeting possible.

Election Results

by Election Committee (Harry Nash #6980, Michael Porter #12713, Janice Regan #15306)

We had a record turnout for this election and we want to thank all of you who took the time to vote. We also want to thank those who agreed to serve on the board this term as well as all who have previously served NCBBA.

Some say volunteerism is a thing of the past but NCBBA is alive and well thanks not only to the board but to our members who proudly display their blue license plate and are ambassadors for everything we stand for.

Best wishes and many thanks to outgoing board members Ed Fran-

kenstein and Francis Kennedy. You will be missed.

Election results are below:
President: Bill Smith
Vice President: Al Adam
Secretary: Pam Smith
Treasurer: Tom Heggie
Director: Lee Barrett
Director: Charles Lockett

Welcome to our two newest board members

Director: Chris Worthington
Director: Kaity Watts

From Right to Left: Director Kaity Watts, President Bill Smith and Director Chris Worthington.

Annual Meeting Anniversary

For many members the NCBBA Annual Meeting and Pig Pickin' is a time to catch up with other members, association business, and news about their favorite beach. For some folks it is even more. Lisa (4838, originally her dad's #) and Charles (11813) Gurganus met at our 2010 Annual Meeting and got married in 2011. Ever since that first meeting they make it a point to return as an anniversary celebration.

When some of our board members heard about this, they were quick to suggest a matchmaker committee. I am pleased to say the idea was struck down but also very happy that we can be part of Lisa and Charles' celebration. Congratulations to these love birds and I hope you celebrate your 50th with us here in 2061! Shoot for the stars guys....and catch a few big ones in the process.

Member Lisa Gurganus #4838 and her husband Charles #11813.

Merchants Discount Program

by Bill King, Director #1467

As we move into our summer season, our Merchants Discount Program continues to just get better & better & continues to grow. Please visit and support these merchants and businesses and you can easily recoup your yearly membership, and they appreciate your patronage.

Urging all Photographers!

by Charles Lockett, Director, #12383

Now is the time for everyone to get geared up for the great photo opportunities! Keep your camera or phone close by so that that perfect shot doesn't slip by! There's no telling what you may see as you travel around the area (landscapes, sunsets, wildlife, etc.)!

Last year, we had a record number of entries, let's break that record this year and don't forget to get the younger members of the family in on the act! We have a special prize category for them as well.

Prizes: 1st place \$75, 2nd place \$50, 3rd place \$25. Junior Member Winner: \$50
Photos can be submitted by hard copy or electronically. Send electronic submissions to photos@ncbba.org

For detailed information about submission requirements to go to <https://www.ncbba.org/programs/photo-contest.html>

All pictures need to be received by November 20, 2018.

Please keep those award-winning photos coming!

Don't Drill NC

By Michael Flynn

At NCBBA's board meeting on April 21, 2018, one of our members, Mike Fahey, #11580, requested time from the Board to make a presentation on behalf of the NC Coastal Federation regarding the group's efforts to oppose DOI's Bureau of Ocean Energy Management [BOEM] plan to set aside the current 2017-2022 offshore oil exploration plan, and replace it with a far more aggressive program to run from 2019-2024. NCCF's campaign to offset that effort is called Don't Drill NC, and information about it can be found at dontdrillnc.org or by contacting NCCF's regional office in Wanchese. As with any actions or rule changes that may impact our beaches or adjacent waters I think that it is important that everyone who lives on, visits or cares about our coasts and surrounding water be informed about the regulations and changes that may impact those areas.

Currently, BOEM is planning to offer nearly 78 million acres of offshore waters for gas and oil exploration and development in the Gulf of Mexico region as part of President Trump's America-First Offshore Energy Strategy. The first sale is scheduled for August 15, 2018 with subsequent sales planned through 2022 including the Mid-Atlantic area. That area would be subject to a 50 mile buffer from the coast in the 2017-2022 plan. There are currently new Executive and Secretary's Orders directing BOEM to develop a new Outer Continental Shelf plan that would take effect from 2019 through 2024 and, in addition to other factors, may alter buffers. As with any exploration and development there are inherent risks which need to be weighed against the national security benefit of energy inde-

pendence and the actual immediate need for additional resource.

Mike Fahey is offering to provide any NCBBA member or friend of same who wants more info about the Don't Drill NC campaign, or a yard or window sign, with bumper stickers coming soon, to contact him to arrange a drop off or pickup at an agreeable location on Hatteras or by arrangement in Ocracoke. They can contact Mike at 252-995-5579 or by email mike_fahey@charter.net. Signs for off island placement should be acquired by arrangement with the Coastal Advocate's office in Wanchese. Michael Flynn is the Coastal Advocate for the North Carolina Coastal Federation and is also available to provide additional information. Here is his contact info:

Michael Flynn, CFM
Coastal Advocate
637 Harbor Road P.O. Box 276
Wanchese, NC 27981
(252) 473-1607 Office
(609) 462-4739 Cell

The orders and plans are evolving and the process is complex and subject to further changes. Ryan Zinke, Secretary of the Interior, has recently stated that he will be announcing more relevant information about the intentions of the DOI in the very near future. Should you wish to learn more about the program from the DOI viewpoint I suggest that you may wish to visit www.boem.gov for Proposed Notice of Sale and other information regarding the program. We all have an opportunity to make our feelings known on the lease program and whichever side of the issue you may choose, I hope that you can take the time to be more informed.

Beach Law Enforcement and Safety

by Bill King, Director #1467

With summer comes beach goes and foot traffic. Please be ever vigilant to the crosswalks throughout the Island villages. Remember, pedestrians have the right-of-way. Also, don't forget that North Carolina is a primary seat belt state. Meaning driver & passengers needs to be seat belted. Click it - or Ticket! Have a safe and great visit to this paradise we call OBX! See ya on the Beach.

Push to Facebook 10K Followers

by Michael Porter, Director #12713

As the director in charge of publicity located in Charlotte, I am blessed to have "retired" Director Dave Wigginton as a mentor. I say "retired", however Dave does more publicity work for the NCBBA in a day than I can in a year.

If you follow the North Carolina Beach Buggy Association on Facebook, you have seen his work providing pictures of sunrise, the fishing reports, beach access, and rip-tide reports just to name a few. If you were at the annual meeting this year, the Board honored this humble man with a picture of red drum fish for his work with the board and keeping the Facebook page relevant.

We are currently at 9,331 likes and Dave wants to hit 10,000 likes. I believe we can do this. If you are not currently liking the

NCBBA on Facebook, you do not know what you are missing. Besides the previously mentioned items, Dave provides storm updates, local political discussions that may affect access, and highlights environmental successes such as returning stunned sea turtles to the wild.

I encourage you to go to <https://www.facebook.com/ncbba/> and like the page. Dave's work on our Facebook page keeps me connected to my piece of heaven that is 6 hours away from my home. Also, as a former Hoosier from Indianapolis, there was nothing like Dave's work to keep my spirits up until I could return for what was an annual pilgrimage. Let's make Dave's goal a reality. #NCBBA10K.

President Bill Smith presents framed print by local artist Kim Mosher to Dave Wigginton #335 Life for his countless hours managing the NCBBA Facebook page.

Beach Safety Class

Hatteras Ocean Rescue offers beach safety including rip-tide identification each Monday at 9:30 A.M. in the summer thru Labor Day. Go to <https://www.facebook.com/HIRS35/> for more information.

Update on Turtle Nest Support

by Lee Barrett, Director #13759

The turtle nest watch training dates have been set for July 10 and 12 from 6-8 P.M. in Buxton. (You only need to attend one.) The training will be held at the weather station on Buxton Back Rd.

William P Thompson, NPS Head Biologist, said he will work with others who are able to only provide 6 to 7 sequential days. However, a nest might not be needing assistance during your stay. William said he will work with us. Help is always welcomed as the NPS is stretched a little thin this time of year.

Those of you who live on Hatteras will be more in control of when and what you prefer to volunteer for.

ORV rake out nests are what is in great demand, this year, to keep the beach area open to ORV traffic, and must be attended to from 6:00 P.M. to 9:00 P.M. Otherwise, the beach access will be blocked from the dune to the water's edge.

August is the most active time and typically the second week in through the first week in September.

To volunteer contact Frank Welles, Volunteer Organizer 252-995-2417 Fgwelles@aol.com

Virginia State Police Clarify Location of ORV Sticker

In our last newsletter we alerted you that in the Commonwealth of Virginia the state inspection sticker was being moved from the lower center of the windshield to the driver's side of the windshield, which is where the ORV stickers have previously been placed.

Originally, the State Police stated that the new location of the ORV sticker could be to the right of the state inspection sticker or in the blind spot under the rear view mirror.

They have recently clarified that the ORV sticker cannot be in the blind spot of the rear view mirror and can only be located 1 inch to the right of the state inspection sticker or 1 inch above the state inspection sticker. They are in the process of notifying inspection stations.

Membership

by Carol Mowers, Membership Director, #10999

The third quarter of the year starts with an increase to include 2423 Adult, 1219 Life Members (of which 1140 are Life, 79 are Senior Life) and 56 Junior members with a total of 3698. I am excited to say that everything shows an increase, particularly in the reinstated, new senior life and junior members. The junior members are the future of our organization, so please continue to show them the importance of supporting our beaches. Please encourage your friends to renew their membership in a timely manner. I would love to see the deletion rate to be below 10%.

Lots has happened in the spring and after the AAH and OBR June 23, things should be slowing down for the summer. The results of the Fritz Boyden Youth Fishing Tournament will be reported in the next issue.

Enjoy the summer and use lots of sunscreen.
